Menlo Elementary Promotes Support!

Menlo Elementary will take the following measures to promote and support parents and family members as an important foundation of the school in order to strengthen the school and reach our school goals. We will:

- Ensure that all information related to school and parent programs, meetings, and other activities is published in both English and Spanish, posted on the school Website.
- Provide trainings for staff through the use of data teams, grade-level meetings, and committee meetings on strategies to improve communication with parents and ideas to increase family engagement with reading and math activities for our students outside of the classroom. Staff will also share best practices during regularly scheduled faculty meetings and PTO meetings.
- Partner with early childhood programs, middle and high schools, college and career ready resources or organizations, parent resource centers, or other programs (as applicable) to help prepare parents and their children for successful school transitioning.
- Share information in English and Spanish on the school blog and in the school newsletter for parents to understand the school's academic standards and assessments as well as the ways parents can monitor their child's progress and work with educators.
- Communicate with all families and the community on a regular basis regarding schoolwide events and activities, through phone messages, social media (Facebook and school website), and flyers.
- Work with our parents to develop relevant trainings and helpful presentations to educate our staff on the importance of parent engagement and how to support student learning.
- Provide necessary materials and handouts for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement.
- Use our partners in Education and School-Community Team to improve awareness of the activities and events listed in the school parent and family engagement policy.
- Collect feedback from parents and family members at all events, place input card around the building and post suggestion form on the school website in order to respond to parents request for additional support for parental engagement activities.

Supportive Learning Environment!

TBRI: Through TBRI, school staff created conditions to help children succeed behaviorally with strategies grouped into three evidenced-based principles: (a) empowering, (b) connecting, and (c) correcting.

2022-23 Endeavors: Attendance! Our goal is to increase the percentage of students attending 95% or more in every grade level by the end of 2022/23 school year. In addition, our goal is to maintain low severe chronic absenteeism and continue to identify students and families in need and provide support where appropriate.
