

Comprehensive Needs Assessment 2019 - 2020 School Report

Chattooga County Chattooga High School

1. PLANNING AND PREPARATION

1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member's name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the <u>Planning and Preparation webinar</u> for additional information and guidance.

Leadership Team

	Position/Role	Name
Team Member # 1	Emily Mobbs	Principal
Team Member # 2	Nancy Edwards	CTAE Director
Team Member # 3	Jennifer Reese	Assistant Principal
Team Member # 4	Jeremy Heathcock	Assistant Principal
Team Member # 5	Barry Peppers	Administrator / Athletic Director
Team Member # 6		
Team Member # 7		

Additional Leadership Team

	Position/Role	Name
Team Member # 1	Julie Jordan	ELA Department Head
Team Member # 2	Lisa Benson	Science Department Head
Team Member # 3	Renee Beasley	Math Department Head
Team Member # 4	Chris Hodges	Social Studies Department Head
Team Member # 5	Julie Lane	Fine Arts
Team Member # 6	Alvah Beasley	PE Department
Team Member # 7	Lisa Hughes	CTAE
Team Member # 8		
Team Member # 9		
Team Member # 10		

1. PLANNING AND PREPARATION

1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the <u>Planning and Preparation</u> webinar for additional information and guidance.

Stakeholders

	Position/Role	Name
Stakeholder # 1	Amanda Dooley	Parent
Stakeholder # 2	Shonna Greene	Parent
Stakeholder # 3	Caroline Harris	Parent
Stakeholder # 4	Ansley Smith	Parent
Stakeholder # 5	Stephanie Ratliff	Parent
Stakeholder # 6	Jeff Blalock	Business
Stakeholder # 7	Anita Smith	Business
Stakeholder # 8	Tony White	Business

How will the team ensure that stakeholders	Feedback from stakeholders will be generated from leadership and
are able to provide meaningful feedback	business/community stakeholder meetings.All parents are invited to attend
throughout the needs assessment process?	our annual School-Community Team meeting in the spring to review and
	revise the parent and family engagement policy. Our school-wide plan is
	posted on our school website for parents to view and submit feedback
	throughout the year. All parent feedback received during the year will be used
	to revise the plan for the next school year. Family and parent input regarding
	this plan are welcome during the school year by filling out a form located in
	the school's lobby or by filling out an on-line form found on the school's
	website. We also distribute an annual survey online as well as send it home
	with every student to ask parents for their feedback and they can also give
	feedback during our parent meetings and activities that take place during the
	school year.

2. DATA COLLECTION ANALYSIS

2.1 Coherent Instructional System

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Coherent Instructional System webinar</u> for additional information and guidance.

	Curriculum Standard 1 - Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
1. Exemplary	A systematic, collaborative process is used proactively for curriculum planning.	~	
	Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.		
2. Operational	A systematic, collaborative process is used regularly for curriculum planning.		
	Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.		
3. Emerging	A collaborative process is used occasionally for curriculum planning.		
	Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.		
4. Not Evident	A collaborative process is rarely, if ever, used for curriculum planning.		
	Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.		

Curriculum Standard 2 - Designs curriculum documents and aligns resources with the intended rigor of the requistandards		
1. Exemplary	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process. These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.	
2. Operational	Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards. These curriculum documents and resources guide the work of teachers and instructional support staff.	V
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards	
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Instruction Standard 1 - Provides a supportive and well - /bmanaged environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.	✓
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	~
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 3 - Establishes and communicates clear learning targets and success criteria aligned to curris standards		riculum
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	
	Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	√
3. Emerging	Learning targets are evident throughout the lesson and in student work.Some teachers establish and communicate clear learning targets and success criteria	
	aligned to the required curriculum standards.	
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

Instruction Standard 4	- Uses research based instructional practices that positively impact student learning	
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	\checkmark
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 5	- Differentiates instruction to meet specific learning needs of students	
1. Exemplary	Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students. Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL). Remediation, enrichment, and acceleration are pervasive practices.	
2. Operational	Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students. Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).	~
3. Emerging	Some teachers differentiate instruction to meet the specific learning needs of students.	
4. Not Evident	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	

Instruction Standard 6 - Uses appropriate, current technology to enhance learning		
1. Exemplary	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
2. Operational	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	√
3. Emerging	Some staff members, students, or both use appropriate, current technology to enhance learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 7 - Provides feedback to students on their performance on the standards or learning targets		s
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	
	Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	√
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

Instruction Standard 8 - Establishes a learning environment that empowers students to actively monitor their own progr		wn progress
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress. Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	√
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

Instruction Standard 9 - Provides timely, systematic, data - /bdriven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs. Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	√
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Assessment Standard 1 - Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards.	\checkmark
	Assessments are reviewed during the school year to ensure alignment.	
2. Operational	Most assessments are aligned with the required curriculum standards.	
3. Emerging	Some assessments are aligned with the required curriculum standards.	
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 - Uses common assessments aligned with the required standards to monitor student progree inform instruction, and improve teacher practices		ogress,
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes.	~
	The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

Assessment Standard 4 - Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	√
2. Operational	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results. Instruction is sometimes adjusted based on the analysis of assessment results.	
4. Not Evident	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

Assessment Standard 5 - Implements grading practices that provide an accurate indication of student progress of required standards		on the
1. Exemplary	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
2. Operational	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	√
3. Emerging	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
4. Not Evident	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	

2. DATA COLLECTION ANALYSIS

2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the Effective Leadership webinar for additional information and guidance.

Leadership Standard 1 - Builds and sustains relationships to foster the success of students and staff		
1. Exemplary	Administrators consistently build and sustain relationships to foster the success of students and staff. The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	~
2. Operational	Administrators regularly build and sustain relationships to foster the success of students and staff.	
3. Emerging	Administrators sometimes build relationships to foster the success of students and staff.	
4. Not Evident	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 - Initiates and manages change to improve staff performance and student learning		
1. Exemplary	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning. Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	
2. Operational	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning. The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	V
3. Emerging	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
4. Not Evident	Administrators initiate few, if any, changes that impact staff performance and student learning.	

Leadership Standard 3 - Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	 The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices. The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning. 	
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	V
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

Leadership Standard 4 - Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	1
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

Leadership Standard 5 - Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	
	Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	√
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Leadership Standard 6	- Establishes and supports a data-driven school leadership team that is focused on studen	nt learning
1. Exemplary	 A highly effective, proactive, and data-driven school leadership team is focused on student learning. The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan. 	
2. Operational	A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning. The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.	
3. Emerging	The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.	√
4. Not Evident	A school leadership team does not exist or does not have adequate stakeholder representation.	

Leadership Standard 7	- Monitors and evaluates the performance of teachers and other staff using multiple data	sources
1. Exemplary	Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.A comprehensive system is in place to provide teachers and staff with ongoing,	
	accurate, timely, detailed, descriptive feedback related to their performance. Administrators use the evaluation process to identify role models, teacher leaders, or both.	
2. Operational	Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations. Teachers and staff receive accurate, timely, descriptive feedback related to their performance.	√
3. Emerging	Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations. Teachers and staff receive some descriptive feedback related to their performance.	
4. Not Evident	Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations. Teachers and staff receive little or no descriptive feedback related to their performance.	

Leadership Standard 8 - Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is	\checkmark
	provided to teachers and other staff.	
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident	Support to teachers and staff does not exist or is not targeted to individual needs.	

	Planning and Organization Standard 1 - Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	 A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders. The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed. The daily work and practices of staff consistently demonstrate a sustained 	V	
2. Operational	commitment to continuous improvement.A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.		
	The vision and mission define the culture of the school and guide the continuous improvement process.		
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.		
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.		

Planning and Organization Standard 2 - Uses a data-driven and consensus-oriented process to develop and implement school improvement plan that is focused on student performance		plement a
1. Exemplary	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.	
	The plan includes appropriate goals and strategies with a strong focus on increasing student performance.	
	This process and plan consistently guide the work of the school staff.	
2. Operational	A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders. The plan includes appropriate goals and strategies with a focus on increasing student performance.	V
3. Emerging	A school improvement plan has been developed with input from some stakeholders. The school improvement plan is based on incomplete data analysis with limited focus on student performance.	
4. Not Evident	An up-to-date, data-driven school improvement plan focused on student performance is not in place.	

Planning and Organization Standard 3 - Monitors implementation of the school improvement plan and makes ac as needed		adjustments
1. Exemplary	 The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance. Ongoing adjustments are made based on various performance, process, and perception data. 	
2. Operational	he goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance. Adjustments are made to the plan, as needed, based on the analysis of data.	V
3. Emerging	The goals and strategies of the school improvement plan are occasionally monitored by administrators.	
4. Not Evident	The goals and strategies of the school improvement plan are rarely, if ever, monitored.	

Planning and Organization Standard 4 - Monitors the use of available resources to support continuous improvement		
1. Exemplary	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored. School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.	V
2. Operational	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	
3. Emerging	The use of available resources to support continuous improvement is inconsistently monitored.	
4. Not Evident	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

	Planning and Organization Standard 5 - Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		
1. Exemplary	Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.	~	
2. Operational	Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness. These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.		
3. Emerging	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.		
4. Not Evident	 Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented. In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness. 		

2. DATA COLLECTION ANALYSIS

2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Professional Capacity webinar</u> for additional information and guidance.

Professional Capacity Data

Leadership Standard 5 - Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and	
	problem-solving and to build their leadership capacities.	
	Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and	√
	problem-solving and to build their leadership capacities.	
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving,	
	or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or	
	problem-solving.	

Professional Learning Standard 1 - Aligns professional learning with needs identified through analysis of a variety of		ety of data
1. Exemplary	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families). Ongoing support is provided through differentiated professional learning.	
2. Operational	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	√
3. Emerging	Professional learning needs are identified using limited sources of data.	
4. Not Evident	Professional learning needs are identified using little or no data.	

Professional Capacity Data

Professional Learning Standard 2 - Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		nance
1. Exemplary	 Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback). Teachers conduct action research and assume ownership of professional learning processes. 	
2. Operational	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	√
3. Emerging	Administrators and staff sometimes collaborate to improve individual and collective performance.	
4. Not Evident	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning	Professional Learning Standard 3 - Defines expectations for implementing professional learning	
1. Exemplary	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of	
	implementation and how monitoring will occur as implementation progresses.	
2. Operational	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	√
3. Emerging	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
4. Not Evident	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

Professional Capacity Data

Professional Learni staff	Professional Learning Standard 4 - Uses multiple professional learning designs to support the various learning needs of t staff	
1. Exemplary	 Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks). Professional learning includes extensive follow-up with descriptive feedback and coaching. 	
2. Operational	Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs. Professional learning includes follow-up with feedback and coaching.	V
3. Emerging	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	
4. Not Evident	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learning Standard 5 - Allocates resources and establishes systems to support and sustain effective p learning		professional
1. Exemplary	 Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning. Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning. 	
2. Operational	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	√
3. Emerging	Some resources and systems are allocated to support and sustain professional learning.	
4. Not Evident	Few, if any, resources and systems are provided to support and sustain professional learning.	

2. DATA COLLECTION ANALYSIS

2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the <u>Family and Community Engagement webinar</u> for additional information and guidance. Visit Georgia's Family Connection Partnership's <u>KIDS COUNT</u> for additional data.

Family and Community Engagement Data

•	Family and Community Engagement Standard 1 - Creates an environment that welcomes, encourages, and connects fam and community members to the school		
1. Exemplary	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school. Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.	\checkmark	
2. Operational	The school has created an environment that welcomes, encourages, and connects family and community members to the school.		
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.		
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.		

Family and Community Engagement Standard 2 - Establishes structures that promote clear and open communication

between the school and stakeholders		
1. Exemplary	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	~
	Structures are continuously monitored for reliable and interactive communication.	
2. Operational	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

Family and Community Engagement Data

	Family and Community Engagement Standard 3 - Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
1. Exemplary	 A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being. Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making. 		
2. Operational	Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.	~	
3. Emerging	Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.		
4. Not Evident	Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.		

Family and Commustatus to families	nity Engagement Standard 4 - Communicates academic expectations and current student a	achievement
1. Exemplary	The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).	
	Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	
2. Operational	The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.	1
	Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).	
3. Emerging	The school staff communicates some academic expectations at the start of the year. Some communication related to the current achievement level of individual students is provided.	
4. Not Evident	The school staff does little to inform families of academic expectations. Little, if any, communication related to the current achievement level of individual students is provided.	

Family and Community Engagement Data

Family and Community Engagement Standard 5 - Develops the capacity of families to use support strategies at home tha will enhance academic achievement		
1. Exemplary	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
2. Operational	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	~
3. Emerging	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
4. Not Evident	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

Family and Community Engagement Standard 6 - Connects families with agencies and resources in the community the needs of students		unity to meet
1. Exemplary	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
2. Operational	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	✓
3. Emerging	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
4. Not Evident	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

2. DATA COLLECTION ANALYSIS

2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the <u>Supportive Learning Environment webinar</u> for additional information and guidance.

Instruction Standard 1 - Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.	V
	Students consistently stay on-task and take responsibility for their own actions.	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 - Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration). Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	\checkmark
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 8	Instruction Standard 8 - Establishes a learning environment that empowers students to actively monitor their own progres		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress. Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.		
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	√	
3. Emerging	Some students use tools to actively monitor their own progress.		
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.		

School Culture Standard 1 - Develops, communicates, and implements rules, practices, and procedures to maintain a s orderly learning environment		tain a safe,
1. Exemplary	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school. These rules, practices, and procedures are continually monitored and revised as needed.	V
2. Operational	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	
3. Emerging	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
4. Not Evident	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	

School Culture Standard 2 - Establishes a culture of trust and respect that promotes positive interactions and a sense of community		
1. Exemplary	 Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established. A pervasive commitment to promoting positive interactions and a sense of community is evident. 	V
2. Operational	 Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established. A sustained commitment to promoting positive interactions and a sense of community is evident. 	
3. Emerging	Some evidence exists that a culture of trust and respect has been established. A limited commitment to promoting positive interactions and a sense of community is evident.	
4. Not Evident	Little or no evidence exists that a culture of trust and respect has been established. Unresolved conflicts interfere with a sense of community.	

School Culture Standard	School Culture Standard 3 - Establishes a culture that supports the college and career readiness of students	
1. Exemplary	Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students. The school culture supports addressing individual achievement needs and strengths to	
	prepare students for success.	
2. Operational	Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.	√
3. Emerging	Some evidence exists that the school supports the college and career readiness of students.	
4. Not Evident	Little or no evidence exists that the school supports the college and career readiness of students.	

School Culture Standard	d 4 - Supports the personal growth and development of students	
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	√
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	
School Culture Standard	d 5 - Recognizes and celebrates achievements and accomplishments of students and staf	f
1. Exemplary	The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff. The celebrations are publicized within the school and to the community and support	
	the culture of the school.	
2. Operational	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	V
3. Emerging	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
4. Not Evident	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

2. DATA COLLECTION ANALYSIS

2.6 Data Analysis Questions

Analyze the LEA's data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by "TFS" (too few students).

What perception data did you use?	Parent Surveys
	Student Surveys
	Teacher Surveys
	School perception data

What does the perception data tell you?	90% of Families feel that school information is disseminated clearly and that
	they are informed about their student's progress throughout the year.
	70% of families agree / strongly agree that discipline is administered fairly
	while another 25% feel neutral about it.

What process data did you use?	CTAE data
	Parent surveys
	professional learning data

What does your process data tell you?	53% of 2018 graduating seniors passed their End of Pathway test
	Only 13% of parents surveyed said that they don't participate in activities at the
	school.
	100% of teachers accessed professional learning on-line and / or participated in
	PLCs

What achievement data did you use?	Milestone scores
	Promotion / Retention data

What does your achievement data tell you?	Our scores have improved in 6 of our 8 subjects tested, but we have a need to
	increase our rigor in an attempt to get closer to the state averages in all areas.
	Less than 2% of our students were "retained" at the end of the school year.

What demographic data did you use?	% of all SPED students scored a 2, 3 or 4 on the corresponding EOC
	below:
	63% 9th grade ELA
	53% 11th grade ELA
	33% Algebra
	38% Geometry
	40% Biology
	76% Physical Science
	44% US History
	40% Economics
	The majority of our students are economically disadvantaged: therefore, the
	DOE data shows no significant achievement difference between the ED
	population and those not ED.

What does the demographic data tell you?	Our students continue to predominately come from low socioeconomic
	backgrounds. The majority of our students are economically
	disadvantaged;therefore, the DOE data shows no significant achievement
	differencebetween the ED population and those not ED.

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Strengths and Challenges Based on Trends and Patterns

Coherent Instructional: Summarize the	Effective data teams have been established and support the continuous
coherent instructional system trends and	reflection of teaching and learning practices, and curriculum and assessments
patterns observed by the team while	are aligned to state standards. However, instructional practices need to include
completing this section of the report. What	a wider repertoire of research-based practices that lead to academically
are the important trends and patterns that	challenging practices for ALL levels of learners.
will support the identification of student,	Using adaptive software programs (including but not limited to IXL and
teacher, and leader needs?	Renaissance Learning) and having effective one to one technology in every
	classroom will enable teachers to create individualized instruction. This would
	increase the ability to challenge varying level of learners at one time.
	Due to ratings from Georgia Student Health Survey and numbers of
	counseling sessions from the 2018-2019 school year, it is apparent that the
	social and emotional learning needs of our economically disadvantaged
	students must be addressed. These issues are a hindrance to the learning
	environment and support and guidance in this area must be enhanced. Focus
	on supporting the social and emotional needs of students will help to improve
	the learning environment while having a multi-faceted affect for the school
	culture and student achievement.
	When all efforts to meet the needs of the whole child, including
	social/emotional, academic, basic needs, etc. fail, it puts a student at higher risk
	for dropping out of school. A Graduation Interventionist is an individual who
	can support and work with students who are on the verge of dropping out,
	have stopped attending school regularly and/or need one-on-one assistance to
	help them deal with the balance of school and life. The focus of the Graduation
	Interventionist is to connect with these students and develop a caring
	relationship with them while also holding them accountable and supporting
	them while they complete high school graduation requirements. This person
	can redirect students when needed and provide them comfort and support
	along the way on a more individual basis.

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Strengths	76% of our SPED students who took the Physical Science EOC achieved a level
	2 or above.

Challenges	The average Lexile level of our English Learner population is 5 grade levels
	behind.
	Meeting the emotional needs of our economically disadvantaged students has
	become an increasing challenge as evidenced by the number of mental health
	referrals made to APEX and counseling services.

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the <u>Identifying Need webinar</u> for additional information and guidance.

Overarching Need # 1

Overarching Need	Providing an academically challenging environment for all levels of learning while still meeting the differentiated academic and emotional needs of all students.
How severe is the need?	High
Is the need trending better or	Better
worse over time?	
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	Professional learning, Effective Co-Teaching environment, Adaptive & Individualized
	Technology, Increased Rigor, Lexile Level Appropriate Resources, Increased one-to-one
	technology/software access, Engaging families in the Learning Process, and meeting the
	SEL needs of students.

3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the <u>Identifying Need webinar</u>. After describing the RCA process, complete a table for each selected overarching need.

Overarching Need - Providing an academically challenging environment for all levels of learning while still meeting the differentiated academic and emotional needs of all students.

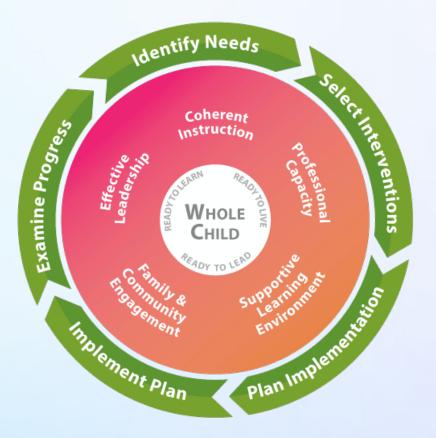

Root Cause # 1

Root Causes to be Addressed	According to Maslow's hierarchy of needs, students must first have their physical and emotional needs met in order for academic engagement to take place. Many of our students do not have their first level of needs met which creates an obstacle in the learning process. By supporting practices to help meet the physical and emotional needs of our students and providing adaptive technology to be used in the classroom, we will simultaneously be able to more appropriately address the need to provide challenging learning for all.
This is a root cause and not a	Yes
contributing cause or symptom	
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education
	School and District Effectiveness
	Title I - Part A - Improving Academic Achievement of Disadvantaged
	Title I, Part A - Foster Care Program
	Title I, Part A - Parent and Family Engagement Program
	Title I, Part C - Education of Migratory Children
	Title I, Part D - Programs for Neglected or Delinquent Children
	Title II, Part A, Preparing, Training and Recruiting High-Quality Teachers, Principals and
	other School Leaders
	Title III - Language Instruction for English Learners and Immigrant Students
	Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program
	Title IV, Part A - Student Support and Academic Enrichment
	Others :

Additional Responses	This root cause is a school-wide issue which correlates to the economically disadvantaged
	majority of the student population (70%). We are working to develop appropriate
	professional learning for teachers as well as purchase the necessary resources to provide
	our students with the individualized resources mentioned above.

School Improvement Plan 2019 - 2020

Chattooga County Chattooga High School

SCHOOL IMPROVEMENT PLAN

1 General Improvement Plan Information

General Improvement Plan Information

District	Chattooga County
School Name	Chattooga High School
Team Lead	Jeff Martin

Federal Funding Options to Be Employed (SWP Schools) in this Plan (Select all that apply)		
\checkmark	Traditional funding (all Federal funds budgeted separately)	
	Consolidated funds (state/local and federal funds consolidated) - Cohort systems ONLY	
	'FUND 400' - Consolidation of Federal funds only	

Factors(s) Used by District to Identify Students in Poverty (Select all that apply)		
\checkmark	/ Free/Reduced meal application	
	Community Eligibility Program (CEP) - Direct Certification ONLY

2. SCHOOL IMPROVEMENT GOALS

2.1 OverarchingNeed # 1

Overarching Need

Overarching Need as identified in	Providing an academically challenging environment for all levels of learning while still
CNA Section 3.2	meeting the differentiated academic and emotional needs of all students.
Root Cause # 1	According to Maslow's hierarchy of needs, students must first have their physical and
	emotional needs met in order for academic engagement to take place. Many of our
	students do not have their first level of needs met which creates an obstacle in the learning
	process. By supporting practices to help meet the physical and emotional needs of our
	students and providing adaptive technology to be used in the classroom, we will
	simultaneously be able to more appropriately address the need to provide challenging
	learning for all.
Goal	To increase student achievement at all levels, all teachers will have professional learning on
	addressing the Social Emotional needs of students while creating an academically
	challenging environment. This PL will take place by the end of the 19-20 school year.

Action Step # 1

Action Step	All teachers will take part in Professional Learning Communities that focus on improving student achievement through literacy in all content areas, creating an academically challenging environment, and using individualized technology in the classroom.	
Funding Sources	Title I, Part A Title I, Part A SIG Title I, Part C Title I, Part D Title II, Part A

support, coordinate, and integrate services	
with early childhood programs at the school	
level, including strategies for assisting	
preschool children in the transition from	
early childhood education programs to local	
elementary school programs.	

6 If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and

Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills. In order to assist with the transition of students from middle school programs through high school and into post-secondary opportunities in a more efficient manner CHS has a variety of programs tailored to meet the needs of every student. Chattooga High School receives students from three feeder schools, Summerville Middle School, Menlo Elementary School and Lyerly Elementary School. In the spring of each school year the the CHS Counselor, CTAE Director and Curriculum/Testing Assistant Principal meet with all eighth-grade students to explain the academic requirements and registration procedures. This is called "Rising Freshmen Night." Students are informed of the Georgia and Chattooga County graduation requirements, course options, dual-enrollment opportunities, and other high school information at this meeting. They then receive sample student schedules, lists of available courses, and sample four-year plans for high school. Students are also introduced to clubs, sports, and other activities available to them. After this meeting, all eighth grade students sign up for an individualized advisement session. Three nights are set aside for Freshmen advisement where administration and the counselor meet one-on-one with each upcoming Freshmen and their parent/guardian to collectively prepare their high school graduation plan. During the first month of school Chattooga High School will hold an Open House for all students and their families. During the open house, students and parents will meet the teachers, receive necessary paperwork and information, and be encouraged to provide input to the school's Title I program. Parent information nights will also be held for 9th, 10th, and 12th grades to provide important information tailored to their grade level status. 11th grade students will receive one-on-one advisement with the counselor to ensure successful
