

COVID-19 INFO

HOW CONTACT TRACING WORKS

Chattooga County
Schools

After a person receives a positive test result for COVID-19, contact tracing protocols are enacted. All “close contacts” of the individual are notified and required to quarantine for 14 days at home.

Stay Safe!

01

Department of Public Health defines “close contacts” as individuals who were less than six feet away from the person for a total of 15 minutes or more during the 48 hours prior to symptom(s) occurring.

02

This means passing someone in the hallway does not necessarily make you a “close contact”. It is important to socially distance as much as possible because you will be required to stay at home if you are identified as a “close contact”.

03

At CCS, we are using assigned seats in our classrooms to expedite contact tracing.

WAYS YOU CAN HELP ENSURE WE STAY IN SCHOOL

- Mask up when social distancing is not possible
- Wash your hands frequently with soap and water for at least 20 seconds or use hand sanitizer.
- Avoid touching your eyes, nose, and mouth.

STAY HOME IF YOU ARE SICK.

If you have any of the following:

- Fever or chills
- Muscle/body aches
- Headache
- Fatigue
- Sore throat
- Congestion or runny nose
- Nausea, vomiting or diarrhea
- New loss of taste or smell
