Section 1
Description of Program
Chattooga County School System
Program for the Gifted
Program Description – Elementary

I. Program’s Major Goals:

- To provide for the extension or enrichment of learning
- To develop individual potential
- To provide enhancement of the gifted student’s self concept
- To develop cognitive learning
- To develop research and reference skills
- To develop metacognitive skills

II. Instructional/Content Area Focus:

Instruction for identified gifted students is provided in one or more of the following content areas:

Language Arts Mathematics Science Social Studies

On page 11, there are more delivery models mentioned. Either add them here or delete on pg 11.

III. Delivery Models:

The following delivery models are offered at varying schools and grades depending on schedules and sites

<u>Resource Class</u>	<u>Cluster Grouping</u>	<u>Honors Classes and AP Classes</u>
Lyerly Elementary (K-8)	Lyerly Elementary (K-8)	Chattooga High School (9-12)
Menlo Elementary (K-8)	Menlo Elementary (K-8)	
Leroy Massey Elementary (K-5)	Leroy Massey Elementary (K-5)	
	Summerville Middle School (6-8)	
<u>Advanced Content</u>	<u>Acceleration</u>	
Menlo School (6-8)	Menlo School (6-8)	

IV. Curriculum:

The Gifted Curriculum is based on the principles of Differentiated Curriculum for the Gifted and Talented, the Georgia Performance Standards, the Common Core Standards, the NAGC Standards (2000), and the Georgia Board approved curriculum courses.

Differentiated instruction is a teaching theory based on the premise that instructional approaches should vary and be adapted in relation to individual and diverse students in classrooms (Tomlinson, 2011). The model of differentiated instruction requires teachers to be flexible in their approach to teaching and adjust the curriculum and presentation of information to learners rather than expecting students to modify themselves for the curriculum (Hall, 2011).

A differentiated curriculum for gifted learners includes the following expectations:

Content: Complex and challenging subject matter that:
Requires intellectual struggle
Utilizes primary documents
Integrates research skills and methods
Incorporates relevant and real-life experiences
Integrates interdisciplinary connections

Process: Instructional strategies are designed to:
Emphasize higher-order thinking, problem-solving and communications skills
Foster self-initiated and self-directed learning
Promote creative application of ideas
Model and encourage academic discussion

Product: Gifted student products should demonstrate a developmentally appropriate capacity for:
Self-directed learning
Meaningful collaboration
Effective problem solving of challenging and complex issues
Effective communication

Social and emotional understanding of self relative to community, culture, and physical environment

Environmental: Physical setting and work conditions to:

- Change the actual place where students work

- Allow flexible time

- Provide opportunities for independent study and in-depth research

- Provide opportunities for mentorship

Assessment: Gifted learners need various methods and opportunities to document mastery of curriculum such as:

- Pre/post tests

- Self assessment through rubrics

- Creation of goal-based checklists

- Conferencing, commentary, and qualitative feedback

Chattooga County School System

Program for the Gifted

Philosophy

The Chattooga County School System has as its responsibility the provision of an educational program of high quality tailored to the current and future needs of the individual student as well as to those of the community of which the schools are a significant part.

It is the further responsibility of the school system to recognize the uniqueness of the individual; to contribute to his growth and development – physically, intellectually, and socially; and to provide opportunities for learning which will enable the individual to function as an active participant in a democratic society, thereby strengthening the society as a whole.

In pursuing these goals, the system strives to provide an educational environment in which equality of opportunity is an integral part. In addition the daily program provides opportunities to develop respect for the worth, dignity, and ability of the individual; respect for moral and spiritual values and ethical standards of conduct; and respect for the nation's heritage and its principles.

The overall aim in the Program for the Gifted is to provide for the extension and enrichment of learning opportunities, development of individual potential, enhancement of the gifted student's self concept, and advancement toward becoming an independent learner beyond the opportunities/experience of the regular classroom, as well as providing differentiated curricula offerings.

Chattooga County School System

Program for the Gifted

Notice

The Chattooga County School System will notify parents and guardians of all students in writing of the eligibility criteria and referral process for the Program for the Gifted via public notice in the student handbooks and county website.

Parents or guardians of potentially gifted students and/or eligible students for gifted services will receive the following information:

1. Initial consideration of gifted services – parents and/or guardians shall be afforded an opportunity for a conference to discuss student eligibility criteria and/or placement if requested
2. Student's eligibility status following assessment
3. Continuation criteria for students identified and placed in the Program for the Gifted
4. Delivery model, teaching strategies and allotment of time in terms of FTE segments that is scheduled to provide gifted services to each student
5. Length and guidelines regarding a probationary period and criteria for reinstatement to gifted services

Chattooga County School System
Program for the Gifted
Outside Data

The Chattooga County School System will accept outside school system data if it does not replace or substitute data previously generated and obtained for eligibility placement by school system personnel.

Thus, if a student, from outside the Chattooga County School System submits data and meets the Georgia eligibility criteria for gifted education services, he/she will be considered eligible to receive gifted education services in Chattooga County School System. However, a student transferring from one school system to Chattooga County School System shall meet the criteria for continuation of gifted services established by the Chattooga County Board of Education.

Chattooga County School System

Program for the Gifted Curricular Considerations

The Chattooga County School System's gifted curriculum is based on the learning needs of the gifted students. Gifted education services meet the needs of the individual students in the area of giftedness.

The Chattooga County School System guarantees that the gifted services meet Georgia Standards of Excellence while providing differentiated curriculum based on the assessed needs of the students. The Gifted curriculum includes more elaborate, more complex and in-depth study of major ideas, problems and themes than would be ordinarily available in the regular classroom. This curriculum enables students to conceptualize existing knowledge and to generate new knowledge.

The Gifted Curriculum is based on the principles of Differentiated Curriculum for the Gifted and Talented which is developed by the National/State Leadership Training Institute for the Gifted/Talented in 1979, National Association for Gifted Children Standards (2000), the Georgia Board of Education Student Competencies, Georgia Performance Standards, the Common Core Standards, the Georgia Board of Education approved curriculum courses, and the curriculum guides for the Chattooga County School System's Gifted Curriculum.

Differentiated instruction is a teaching theory based on the premise that instructional approaches should vary and be adapted in relation to individual and diverse students in classrooms (Tomlinson, 2011). The model of differentiated instruction requires teachers to be flexible in their approach to teaching and adjust the curriculum and presentation of information to learners rather than expecting students to modify themselves for the curriculum (Hall, 2011).

A differentiated curriculum for gifted learners includes the following expectations:

Content: Complex and challenging subject matter that:
Requires intellectual struggle
Utilizes primary documents
Integrates research skills and methods
Incorporates relevant and real-life experiences
Integrates interdisciplinary connections

Process: Instructional strategies are designed to:
Emphasize higher-order thinking, problem-solving and communications skills
Foster self-initiated and self-directed learning
Promote creative application of ideas
Model and encourage academic discussion

Product: Gifted student products should demonstrate a developmentally appropriate capacity for:
Self-directed learning
Meaningful collaboration
Effective problem solving of challenging and complex issues
Effective communication

Social and emotional understanding of self relative to community, culture, and physical environment

Environmental: Physical setting and work conditions to:

- Change the actual place where students work

- Allow flexible time

- Provide opportunities for independent study and in-depth research

- Provide opportunities for mentorship

Assessment: Gifted learners need various methods and opportunities to document mastery of curriculum such as:

- Pre/post tests

- Self assessment through rubrics

- Creation of goal-based checklists

- Conferencing, commentary, and qualitative feedback (Cobb, 2012)

Chattooga County School System

Program for the Gifted Delivery Models

In the Chattooga County School System, students identified as eligible for the Program for the Gifted must receive a minimum of five (5) FTE segments per week. Students will be served through a variety of delivery models tailored to meet student and school needs.

Instruction for identified gifted students is provided in one or more of the following content areas:

1. Mathematics
2. Science
3. ELA (English/Language Arts)
4. Social Studies
5. Foreign Language
6. Fine Arts
7. Vocational/Technical Education

The Chattooga County School System provides gifted services to gifted students through a variety of delivery models. Models may differ between semesters and/or grading periods. Models frequently vary among school and grade levels, and may differ among classes since student's instructional needs are met through the most appropriate delivery system.

The following delivery systems are offered at varying schools and grades depending on schedules and sites:

1. Resource Classroom Delivery Model

Gifted students are grouped with other gifted students for one to three segments per day or the equivalent. The term pull-out is often used to describe this model. In this model students receive direct instruction in academic content areas from a teacher certified in gifted. A differentiated curriculum in the academic content areas is offered. Maximum class size is 17 for elementary and middle grades. Maximum class size for high school grades is 21. Cross-grade grouping is permitted for maximizing class size and for scheduling purposes.

2. Facilitator Delivery Model

There are four delivery methods under the facilitator model. A written contract should be required for any gifted student enrolled in any of these methods. The contract describes four requirements which are (1) the objective(s); (2) the activities; (3) the product(s); and (4) the contract time in segments. The facilitator must be a teacher certified in gifted. Full-time equivalent (FTE) funds are earned according to the contract that specifies the amount of time in segments a student will be in a specific setting during the instructional day.

A. Cluster Grouping

Gifted students are grouped with other students of mixed abilities for one to six segments per day in a regular classroom. The classroom teacher is certified in gifted education. Specific content that is designed for the gifted students is documented by contract or syllabus. Small grouping is suggested.

B. Collaborative Teaching (K-12)

A maximum of eight identified gifted students are placed as a group into an otherwise heterogeneous classroom. Direct instruction is provided by the students' regular classroom teacher who collaborates with a designated gifted teacher. There must be substantial, regularly scheduled collaborative planning between the regular classroom teacher and the gifted teacher. The following requirements must be met to earn the gifted FTE weight:

1. The collaborating gifted teacher must have a clear renewable GaPSC approved gifted education endorsement.
2. The gifted teacher, the regular classroom teacher, and the gifted student(s) (when appropriate) collaborate and document the development of differentiated instructional strategies, Georgia standards based curriculum, and evaluation practices.
3. The collaborating regular classroom teacher and gifted teacher must be provided adequate planning time which must be documented and approved by the LEA. In certified personnel information, the regular education teacher is the teacher of record and the gifted program teacher is recorded in the consultative subject code (see table 1).
4. The gifted education teacher must be given one full period each week or its monthly equivalent during which he/she has only gifted education collaborative planning responsibilities (as determined by the local system) for every three classes in which he/she has collaborative teaching responsibilities.
5. The total number of gifted students whose instruction may be modified through this collaborative approach may not exceed eight per class. For example, if the gifted program teacher is working with three classroom teachers during the first period of the school day, there may be no more than 24 gifted students (for whom curriculum is being differentiated among the three classes).
6. Instructional segments that have been modified for gifted learners may be counted at the gifted FTE weight if the gifted education teacher, and regular education teacher document the curriculum modifications made for the gifted students in the following ways:
 - a. separate lesson plans which show the reason(s) why any student whose instruction is counted at the gifted FTE weight needs an advanced curriculum in that particular content area (e.g., national norm-referenced tests and/or benchmark tests
 - b. a time and discussion log of the collaborative planning sessions between the teachers
 - b. individual or small group contracts indicating the differentiated learning standards for the gifted student(s) and the alternative instructional strategies in which the gifted student(s) will be engaged.

Table 1: Planning Time for Gifted Program Specialist in the Collaborative Teaching Model

<u>Number of classes within which the gifted specialist collaborates</u>	<u>Number of segments counted at the gifted weight</u>	<u>Required collaborative planning time in minutes</u>
1-3	1-24	45-60
4-6	25-48	90-120
7-9	49-72	135-180
10-12	73-96	180-240
13-15	97-120	225-300
16-18	121-144	270-360

C. Honors Classes/Advanced Content

Gifted students are grouped with other students of similar abilities for one to six segments per day. The curriculum for the gifted students is content-based, and is differentiated via a written contract. For the elementary and middle school grades, the maximum class size is 17 gifted students with the remainder of students with mixed abilities. For high school grades, maximum class size is 21 with the remainder of students with mixed abilities. Classes are taught by a teacher of the gifted.

D. Acceleration

Individual gifted students are advanced in grades(s) in specific content areas and are taught by a classroom teacher. The class is facilitated by the teacher of the Gifted via contract. This method is usually defined as a student placed one or two grade levels ahead of his/her normal chronological placement.

E. Advanced Placement (AP)

Advanced placement courses are those courses offered through the College Board, Advanced Placement Education Services. These courses offer students an opportunity to complete college-level courses while still in secondary school. One or more of the academic content areas must be approvable for advanced placement. These courses must be taught by teachers certified in the appropriate content area. A written contract is required and is facilitated by the teacher of the Gifted. Class size is up to 21 gifted students in high school grades.

F. Directed Study

Selected gifted students are allowed to pursue an area of interest in the instructional day in one or more of the academic areas. Students shall be instructed by staff certified in the appropriate content area(s). A written contract is required and is facilitated by the teacher of the Gifted.

G. Inclusion

The classroom teacher and the teacher of the gifted team-teach with a group of gifted and non-gifted students. Differentiated curriculum must be documented via contract and facilitated by the teacher of the Gifted. Team teaching is usually for one or two segments per day.

Chattooga County School System

Program for the Gifted

Delivery Models

<u>Delivery Method</u>	<u>Curriculum</u>	<u>Grouping Practice</u>	<u>Schedule</u>	<u>Who Delivers</u>	<u>Other Considerations</u>
RESOURCE ROOM	Units of Study, Interdisciplinary Thematic Accelerated, in-depth study	Up to 17- elementary/middle Up to 21-high school	Daily; Extended period; twice weekly	Teacher of the Gifted	May cross-grade group for maximum class size
CLUSTER GROUPING	Specific content: Interdisciplinary	6-10 in a classroom with remainder of mixed ability	Small group as needed	Classroom Teacher certified in gifted education	Certification opportunities for classroom teacher. Must be documented by contract/syllabus
COLLABORATIVE TEACHING	Content-based	Maximum of 8 gifted students placed in a heterogeneous	Daily	Teacher of the gifted and the regular classroom teacher	Facilitated by a certified gifted education teacher. Must design student contract
HONORS/ADVANCED CONTENT	Content-based	Up to 17 elementary/middle schools with remainder of mixed ability. Up to 21- high school with remainder of mixed ability	Daily	Teacher of the Gifted	Differentiation must be documented via contract
ACCELERATION	Specific strength area	Individual	Daily	Classroom Teacher	Facilitated by Teacher of the Gifted for FTE earnings. Must design contract.
ADVANCED PLACEMENT (AP)	Specific content	Up to 21 gifted high school	Daily	Classroom Teacher	If mixed ability class differentiation must be documented via contract
DIRECTED STUDY	Interest area	Up to 21 high school	Daily	Teacher of the Gifted	Document curriculum content with student contract
INCLUSION	Extension of classroom content	Individual small group	Daily Scheduled	Classroom teacher and Teacher of the Gifted collaborate	Must be documented on student contract

Chattooga County Schools Program for the Gifted

Section Two Policies

160-4-2-.38 EDUCATION PROGRAM FOR GIFTED STUDENTS

(1) DEFINITIONS.

(a) **Differentiated Curriculum** - courses of study in which the content, teaching strategies, and expectations of student mastery have been adjusted to be appropriate for gifted students.

(b) **Georgia Department of Education** – (GaDOE) the agency charged with the fiscal and administrative management of certain aspects of K-12 public education including the implementation of federal and state mandates.

(c) **Gifted Student** - a student who meets the eligibility criteria as identified in this rule and as defined in the *GaDOE Resource Manual for Gifted Education Services*.

(d) **Local Board of Education (LBOE)** – agency charged with adopting policies to govern educational entities within the local educational agency.

(e) **Local Educational Agency (LEA)** – local school system pursuant to LBOE control and management.

(f) **Panel of Qualified Evaluators** - experts in relevant fields appointed by the LEA who evaluate student products/performances to determine gifted program eligibility.

(g) **Qualified Psychological Examiner** - a psychologist licensed by a state licensing board in the United States and having training and experience in school psychology or child psychology.

(h) **State Board of Education (SBOE)** – the constitutional authority which defines education policy for public K-12 education agencies in Georgia.

(2) REQUIREMENTS.

(a) **Notification.** The LEA shall notify parents and guardians of identified gifted students being considered to receive gifted education services in writing of information related to the gifted education program including, but not limited to the following:

1. Referral procedures and eligibility requirements adopted and applied by the LEA.
2. Notification of initial consideration for gifted education services.
3. Evaluation guidelines and documentation of training procedures utilized and maintained by the LEA.
4. The type(s) of gifted services to be provided, academic standards to be met, the teaching methods employed, and the manner in which students will be evaluated annually.
5. Performance standards gifted students are to meet to maintain their eligibility and receive continued services in the program.
6. A description of the probationary period applied to students in jeopardy of losing their eligibility for services. The description shall include the length of the probationary period and the criteria.
7. Termination of services when students on probation have failed to meet criteria for continuation of services.

(b) **Referrals.** The consideration for gifted education services may be reported or automatic as defined in the *GaDOE Resource Manual for Gifted Education Services*.

1. **Reported Referral.** A student may be referred for consideration for gifted education services by teachers, counselors, administrators, parents or guardians, peers, self, and other individuals with knowledge of the student's abilities.

2. **Automatic Referral.** Students who score at specified levels on a norm-referenced test as defined in the GaDOE *Resource Manual for Gifted Education Services*, for further assessment to determine eligibility for gifted program services

(i) The LBOE shall establish the criterion score needed on norm-referenced tests for automatic consideration for further eligibility assessment.

(ii) The LBOE shall ensure that tests or procedures used in the referral process and to determine eligibility for gifted education services meet standards of validity and reliability for the purpose of identifying gifted students and shall be non-discriminatory with respect to race, religion, national origin, sex, disabilities, and economic background.

(c) **Consent.** The LEA shall obtain written consent for testing from parents or guardians of students who are being considered for referral for gifted education services. The LEA shall obtain written consent from parents or guardians before providing gifted education services to students determined to be eligible for services.

(d) **Eligibility.** The LBOE shall adopt eligibility criteria that are consistent with this rule and as defined in the *GaDOE Resource Manual for Gifted Education Services*.

1. To be eligible for gifted education services, a student must either (a) score at the 99th percentile (for grades K-2) or the 96th percentile (for grades 3-12) on the composite or full scale score of a norm-referenced test of mental ability and meet one of the achievement criteria described in paragraph (2)(d) 5.(ii) Achievement, or (b) qualify through a multiple-criteria assessment process by meeting the criteria in any three of the following four areas: mental ability, achievement, creativity, and motivation.

2. To be eligible for gifted education services, a student must meet the criterion score on a norm-referenced test and either has observational data collected on his or her performance or produce a superior product as described below. Information shall be collected in each of the four areas: mental ability, achievement, creativity, and motivation.

3. Test scores used to establish eligibility shall have been administered within the past two calendar years.

4. Any data used in one area to establish a student's eligibility shall not be used in any other data category.

5. Data shall be used for eligibility in the four areas according to the following:

(i) **Mental Ability.** Students shall score at or above the 96th percentile on a composite or full-scale score or appropriate component score, as defined in the GaDOE *Resource Manual for Gifted Education Services*, on a norm-referenced test of mental ability.

(I) Mental ability tests shall be the most current editions, or editions approved by GaDOE, of published tests that measure intelligence or cognitive ability, which have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disabilities, and economic background within a 10-year period prior to administration.

(II) Mental ability tests that were designed to be administered individually shall be administered by a qualified psychological examiner.

(ii) **Achievement.** Students shall score at or above the 90th percentile on the total battery, total math or total reading section(s) of a norm-referenced achievement test or have produced a superior student-generated product or performance, where the superior performance is one that can be translated into a numerical score at or above 90 on a 100 point scale as evaluated by a panel of qualified evaluators.

(I) Norm-referenced achievement tests shall be the most current editions of tests, or editions approved by GaDOE, that measure reading skills, including comprehension, and shall yield a total reading score and/or a total mathematics score based upon a combination of scores in mathematics concepts and applications. These tests shall have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disabilities, and economic background within a 10-year period prior to administration.

(II) Performances and products shall be assessed by a panel of qualified evaluators and must have been produced within the two calendar years prior to evaluation.

(iii) **Creativity.** Students shall score at or above the 90th percentile on the total battery score of a norm-referenced test of creative thinking, receive a score at or above the 90th percentile on a standardized creativity characteristics rating scale, or receive from a panel of qualified evaluators Georgia Department of Education a score at or above 90 on a 100 point scale on a structured observation/evaluation of creative products and/or performances.

(I) Norm-referenced tests of creative thinking shall be the most current editions of tests, or editions approved by GaDOE, that provide scores of fluency, originality, and elaboration. These tests shall have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disabilities, and economic background within a 10-year period prior to administration.

(II) Rating scales used to qualify creativity shall differentiate levels such that judgments may equate to the 90th percentile. If a rating scale is used to evaluate creativity, a rating scale shall not be used to evaluate motivation.

(III) As evidence of creativity, students, or individuals on behalf of students, may submit products or evidence of outstanding performances completed during the two calendar years prior to evaluation. The products or performances submitted shall be reviewed by a panel of qualified evaluators.

(iv) **Motivation.** Students shall receive a score at or above the 90th percentile on a standardized motivational characteristics rating scale, receive from a panel of qualified evaluators a score at or above 90 on a 100 point scale on a structured observation or evaluation of student-generated products and/or performances, or for grades 6-12 have a grade point average (GPA) of at least 3.5 on a 4.0 scale where a 4.0 = A and 3.0 = B, or a numeric grade point average (NGA) of 90 percent on a 100 point scale where 100 = A and a 89 = B. Grades used to determine the GPA or NGA must be a two-year average of regular school program core subject grades in mathematics, English/language arts, social studies, science, and full year world languages.

(I) Rating scales used to qualify student motivation shall differentiate levels such that judgments may equate to the 90th percentile. If a rating scale is used to evaluate motivation, a rating scale shall not be used to evaluate creativity.

(II) As evidence of motivation, students, or individuals on behalf of students, may submit products or evidence of outstanding performances made during the two calendar years prior to evaluation. The products or performances submitted shall be reviewed by a panel of qualified evaluators.

(III) GPAs of students are determined by calculating the grades earned during the two years prior to evaluation in the subjects of mathematics, science, English/language arts, social studies, and full year world language, if such language study is included in the student's records.

6. Assessment data that were gathered and analyzed by a source outside the student's school or LEA shall be considered as part of the referral and evaluation process. External evaluation data shall not be substituted for or used as the sole source of data the school generates during the initial eligibility process. External evaluations shall have been reviewed for bias with respect to race, religion, national origin, sex, disabilities, and economic background.

(e) **Continued Participation.** The LBOE shall have a continuation policy for students identified as eligible for gifted services to continue to receive such services. The LEA shall review the progress of each student receiving gifted education services each year. Any student who receives gifted education services shall continue to receive services, provided the student demonstrates satisfactory performance in gifted education classes, as described in the LBOE continuation policy and stated in the continuation policy.

1. The LBOE continuation policy shall include a probationary period in which a student who fails to maintain satisfactory performance in gifted education classes shall continue to receive gifted education services while attempting to achieve satisfactory performance status. The length of this probationary period shall be determined by the LBOE.

2. The LBOE continuation policy shall provide for a final review prior to discontinuing gifted education services for students who fail to demonstrate satisfactory performance in gifted education classes during the probationary period and criteria for resuming gifted education services for such students.

(f) **Reciprocity.** Any student who meets the initial eligibility criteria in this rule for gifted education services in one LEA shall be considered eligible to receive gifted education services in any LEA within the state. As described in the section on Reciprocity in the GaDOE *Resource Manual for Gifted Education Services*, a student transferring from one LEA to another within the state shall meet the criteria for continuation of gifted services established by the LBOE of the receiving school system. There is no mandated reciprocity between states unless the student is a dependent of military personnel as provided in O.C.G.A. § 20-2-2140 et. seq.

(g) Curriculum and Services to Be Provided.

1. The LBOE shall develop curricula for gifted students that incorporate SBOE approved curriculum. LBOE curricula for gifted students shall focus on developing cognitive, learning, research and reference, and metacognitive skills at each grade grouping, using principles of differentiation, in one or more of the following content areas: mathematics, science, English/language arts, social studies, world languages, fine arts, and career, technical and agricultural education. LEAs shall make available to the public and the GaDOE a description of the differentiated curricula used for instruction of gifted students. The LEA shall review and revise, if revisions are needed, its curricula for gifted students at least annually.

2. Students identified as gifted and whose participation has received parental consent shall receive at least five segments per week (or the yearly equivalent) of gifted education services, using one of the approved models described in the GaDOE *Resource Manual for Gifted Education Services*.

(h) Data Collection.

1. The LBOE shall collect and maintain statistical data on the number of students referred for evaluation of eligibility for gifted education services, the number of students determined eligible for services, and the number of students actually served during the school year. These data shall Georgia Department of Education be archived and maintained by subgroups, which shall include at least the grade level, gender, and ethnic group of the students.

2. The LEA shall evaluate its gifted program at least every three years using criteria established by GaDOE.

(i) **Public Review.** The LBOE shall make available for review by the public and the GaDOE a copy of its administrative procedures for the operation of its gifted education program and the LEA's gifted education curricula.

Authority O.C.G.A. § 20-2-151; 20-2-152; 20-2-161.

1.1. Adopted: May 10, 2012

Effective: May 30, 2012

GIFTED EDUCATION ELIGIBILITY CHART

In option A and B, information shall be gathered in each of the four categories. At least one of the criteria must be met by a score on a GaDOE approved nationally normed-referenced test.

Any data used to establish eligibility in one category shall not be used to establish eligibility in another category.

If a rating scale is used to evaluate creativity, a rating scale shall not be used to evaluate motivation. If a rating scale is used to evaluate motivation, a rating scale shall not be used to evaluate creativity.

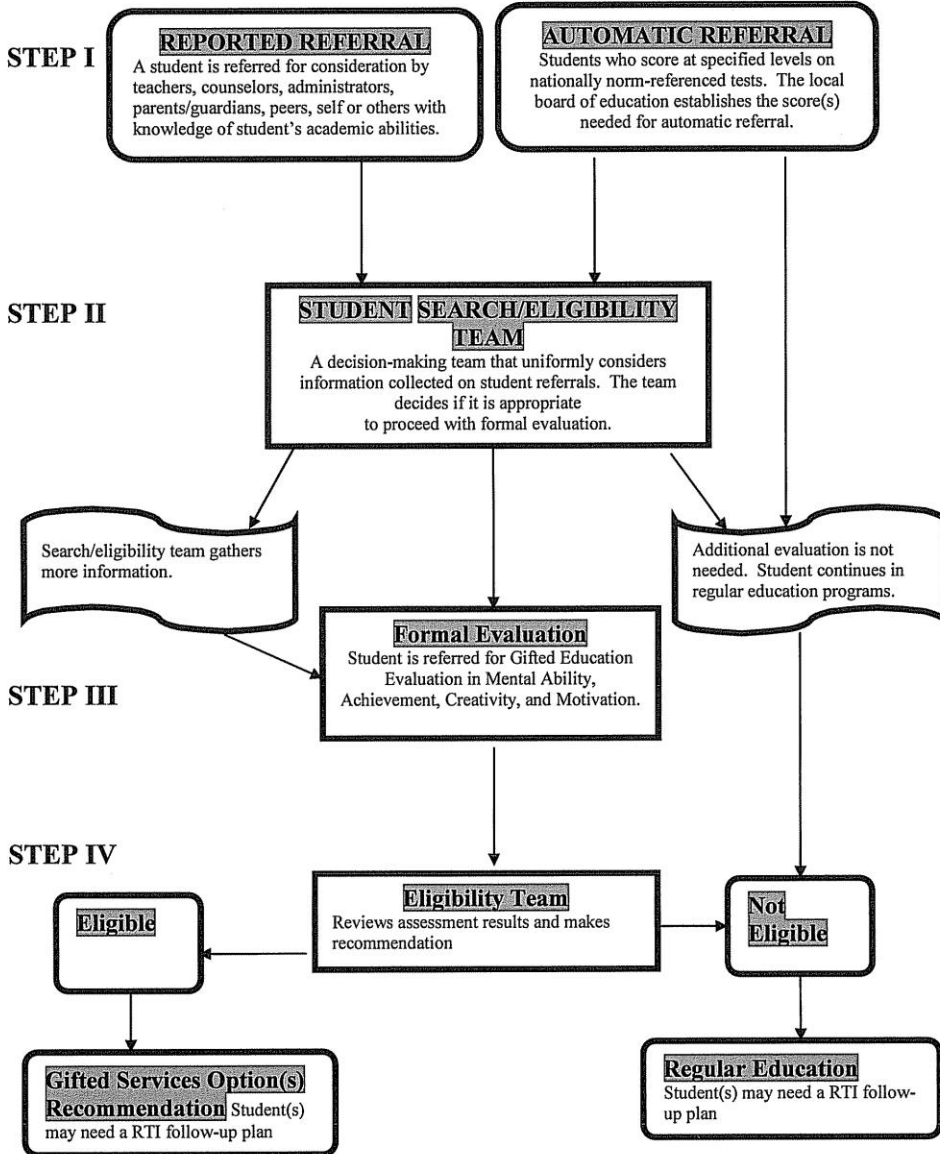

Any piece of information used to establish eligibility shall be current within two years.

Local school systems must establish policies in regards to the use of data gathered and analyzed by private entities.

Category	Option A	Option B
	Student must have a qualifying score in the mental ability AND achievement categories.	Student must qualify in three of the four categories.
Mental Ability	<ul style="list-style-type: none"> ➤ Grades K-2 99th% percentile composite score on a nationally age normed mental ability test ➤ Grades 3-12 ≥96th percentile composite score on a nationally age normed mental ability test 	<ul style="list-style-type: none"> ➤ Grades K- 12 ≥ 96th percentile composite OR appropriate component score on a nationally age normed mental ability tests
Achievement	<ul style="list-style-type: none"> ➤ Grades K-12 ≥ 90th percentile Total Reading, Total Math, or Complete Battery on a nationally normed achievement test 	<ul style="list-style-type: none"> ➤ Grades K-12 ≥ 90th percentile Total Reading, Total Math, or Complete Battery on a nationally normed achievement test ➤ Grades K – 12 Superior product/performance with a score ≥ 90 on a scale of 1-100, as evaluated by a panel of three or more qualified evaluators

--------------------------	---------------------------------	---

SECTION IV REFERRAL and ELIGIBILITY PROCESS CHART

GIFTED EDUCATION SERVICE DELIVERY MODELS

Students identified as gifted and whose participation has received parental consent shall receive at least five segments per week (or the yearly equivalent) of gifted education services, using one of the following GaDOE approved models. Local Education Agencies (LEA) shall make available to the public and the GaDOE a description of the differentiated curricula and delivery models used for instruction of gifted students. In forming classes, please keep in mind that Federal law prohibits discrimination on the basis of race, religion, national origin, sex, disabilities, and economic background.

A differentiated curriculum is defined as courses of study in which the content, teaching strategies, and expectations of student mastery have been adjusted to be appropriate for gifted students. In the delivery models described below, the instruction must be based on the Georgia curriculum standards. These regulations also describe the requirements that must be met in order to count the instructional segments provided by any of these models at the gifted weight in full time equivalency (FTE) reporting. The Georgia Professional Standards Commission (GaPSC) requires that gifted education teachers have a gifted education endorsement attached to their Georgia Teaching Certificate. Unless noted otherwise, the total class size is specified by the SBOE Rule 160-5-1-.08.

Direct Services

Resource Class (K-12)

1. All students must have been identified as gifted by SBOE criteria.
2. The curriculum must have an academic content foundation based on the Georgia curriculum standards, but it should focus on interdisciplinary enrichment activities and not any one content area.
3. The content and pacing should be differentiated to the degree that the activities are clearly not appropriate for more typical students at that grade level.
- 4. Gifted students may receive no more than 10 gifted FTE segments per week of resource class service.**

Advanced Content (K-12)

1. Students are homogeneously grouped on the basis of achievement and interests (Career, Technical and Agricultural Education, English language arts, fine arts, mathematics, science, social studies, and world languages).
2. The district may elect to include students who are not identified as gifted, but who demonstrate exceptional ability and motivation in a particular content area.
3. The local district must establish criteria and guidelines that identify gifted and regular education students who will be successful in advanced content classes.
4. The local board of education must maintain a description of the course curriculum which very clearly shows how the advanced course content, teaching strategies, pacing, process skills, and assessments differ from courses more typical for students at that grade level.
5. Identified gifted students in the advanced content course may be counted at the gifted FTE weight. Students who are not identified as gifted must be counted at the regular education FTE weight.
- 6. In grades K-5, gifted students may receive no more than two gifted FTE segments per day of advanced content service in the same content area.**
- 7. Gifted FTE segment(s) may not be earned in the K-5 advanced content service model if a gifted student is already receiving a cluster or collaborative gifted FTE segment in the same content area. For example, a student could not earn a gifted FTE segment in advanced content mathematics and earn a gifted FTE segment in the cluster or collaboration model in mathematics.**

Advanced Content Classes: Advanced Placement (AP) College Courses (9-12) and International Baccalaureate Courses (IB): College and Diploma Courses (11-12)

1. Students are homogeneously grouped on the basis of achievement and interest in a specific academic content area (Career, Technical and Agricultural Education, English language arts, fine arts, mathematics, science, social studies, and world languages).

2. The district may elect to include students who are not identified as gifted but who have demonstrated exceptional ability and motivation in a particular content area.
3. The local board of education must maintain a description of the course curriculum which is based on the College Board or the International Baccalaureate Organization (IBO) framework. These frameworks very clearly show how the AP and IB advanced course content, teaching strategies, pacing skills, and assessments differ from the courses more typical for students at that grade level.
4. The total class size specified by the SBOE is 21 at the high school level.
5. In order to count the gifted students in AP (grades 9 – 12) and IB (grades 11 and 12) classes at the gifted FTE weight, the teacher must have the following qualifications:

1. Advanced Placement (AP) Courses:

- a. Appropriate content area GaPSC approved certification in the specific content area.
- b. Appropriate training by the College Board in that specific AP course and must have completed a 10 clock hour professional development course in characteristics of gifted learners and curriculum differentiation for gifted students; or
- c. The teacher has a current GaPSC issued gifted endorsement.

2. International Baccalaureate (IB) Diploma Courses:

- a. Appropriate content area GaPSC approved certification in the specific content area.
- b. Appropriate authorized training by the IBO in the specific IB diploma course, and must have completed a 10 clock hour professional development course in characteristics of gifted learners and curriculum differentiation for gifted students; or
- c. The teacher has a current GaPSC issued gifted endorsement.

3. Gifted Honors and IB Middle Years Program (IBMYP) Courses:

- a. The teacher must have the appropriate content area GaPSC approved certificate in the specific honors course.
- b. The teacher has a current GaPSC issued gifted endorsement.
- c. In addition to a Georgia Teaching License and gifted endorsement, the IBMYP teachers must complete the appropriate professional development courses required by IBO.

Cluster Grouping (K-12)

Identified gifted students are placed as a group (recommended 6-8 students) into an otherwise heterogeneous classroom, rather than being dispersed among all of the rooms/courses at that grade level.

1. The regular classroom teacher must have a current GaPSC approved gifted endorsement.
2. A maximum of two gifted FTE segments per day may be counted at the gifted weight. The teacher must document the curriculum differentiation for the gifted student(s) by completing individual or group contracts which include the following requirements:
 - a. A description of the course curriculum which is based on Georgia standards that very clearly show how the advanced course content, teaching strategies, pacing, process skills, and assessments differ from courses more typical for student(s) at that grade level.

- b. Separate lesson plans which show reason(s) why the gifted student(s) need an advanced curriculum in the content areas of English language arts, mathematics, science, social studies, and world languages; and
- c. Dates and amount of time (in segments) the student(s) will be engaged in the higher-level activities and how the students will be evaluated (formative and summative).

Indirect Services

Collaborative Teaching (K-12)

A maximum of eight identified gifted students are placed as a group into an otherwise heterogeneous classroom. Direct instruction is provided by the students’ regular classroom teacher who collaborates with a designated gifted teacher. There must be substantial, regularly scheduled collaborative planning between the regular classroom teacher and the gifted teacher. The following requirements must be met to earn the gifted FTE weight:

1. The collaborating gifted teacher must have a clear renewable GaPSC approved gifted education endorsement.
2. The gifted teacher, the regular classroom teacher, and the gifted student(s) (when appropriate) collaborate and document the development of differentiated instructional strategies, Georgia standards based curriculum, and evaluation practices.
3. The collaborating regular classroom teacher and gifted teacher must be provided adequate planning time which must be documented and approved by the LEA. In certified personnel information, the regular education teacher is the teacher of record and the gifted program teacher is recorded in the consultative subject code (see table 1).
4. The gifted education teacher must be given one full period each week or its monthly equivalent during which he/she has only gifted education collaborative planning responsibilities (as determined by the local system) for every three classes in which he/she has collaborative teaching responsibilities.
5. The total number of gifted students whose instruction may be modified through this collaborative approach may not exceed eight per class. For example, if the gifted program teacher is working with three classroom teachers during the first period of the school day, there may be no more than 24 gifted students (for whom curriculum is being differentiated among the three classes).
6. Instructional segments that have been modified for gifted learners may be counted at the gifted FTE weight if the gifted education teacher, and regular education teacher document the curriculum modifications made for the gifted students in the following ways:
 - a. separate lesson plans which show the reason(s) why any student whose instruction is counted at the gifted FTE weight needs an advanced curriculum in that particular content area (e.g., national norm-referenced tests and/or benchmark tests);
 - b. a time and discussion log of the collaborative planning sessions between the teachers
 - c. individual or small group contracts indicating the differentiated learning standards for the gifted student(s) and the alternative instructional strategies in which the gifted student(s) will be engaged.

Table 1: Planning Time for Gifted Program Specialist in the Collaborative Teaching Model

Number of classes within which the gifted specialist collaborates	Number of segments counted at the gifted weight	Required collaborative planning time in minutes
1-3	1-24	45-60
4-6	25-48	90-120
7-9	49-72	135-180
10-12	73-96	180-240
13-15	97-120	225-300
16-18	121-144	270-360

Internship/Mentorship (9-12)

A gifted student works with a mentor to explore a profession of interest. The gifted program internship teacher assigned to supervise the internship/mentorship program maintains close contact with both the participating student(s) and the selected mentor(s) to ensure acceptable progress toward the student's individual learning goals which are based on the approved Georgia standards based curriculum. One or two instructional segments per day may be counted at the gifted FTE weight for students participating in the gifted internship/mentorship program. Each internship/mentorship student must have a contract which document the work to be done, the learning goals for the gifted student, the dates and amount of time the student will be participating in the internship/mentorship, the means by which the gifted students learning will be evaluated, and the responsibilities of the gifted program internship teacher and the mentor.

To ensure adequate time for the gifted program internship teacher to monitor and assist gifted students participating in internships/ mentorships, he/she must be given one full period each day or its weekly equivalent during which he/she has only gifted education internship/mentorship responsibilities (as determined by the local system) for every 15 gifted students for whom he/she is supervising the internship/mentorship experience.

Approved Innovative Models

The GaDOE encourages the development of innovative programs for gifted students which are clearly in accordance with the needs of the gifted learners and the philosophy of the district. If a school district desires to implement a gifted program delivery model other than one of the models described above, the district must submit a description of that plan to the Gifted Education Specialist at the GaDOE. The plan must clearly describe the rationale for the special model, the goals and objectives for the program, the advanced nature of the curriculum which will be provided to gifted learners, how the model's effectiveness will be evaluated, how gifted FTE funding will be generated and documented, and the anticipated fiscal impact of the model (i.e., how many FTEs will be generated).

The SDOE Innovative Model Review Team will approve local school district plans for special models that are in accordance with all applicable rules and regulations, consistent with best practice guidelines for the education of gifted students, and provide strong programming and fiscal accountability. If the district's proposal for a special model is not within the guidelines established by SBOE and /or the GaDOE regulations, the GaDOE Gifted Education Specialist will advise the district contact that the Local BOE must be granted a waiver from the SBOE before that model could be used to provide gifted education services.

Chattooga County Schools Program for the Gifted

Section Three Referral Procedures

Chattooga County School System
Program for the Gifted
Referral Procedures

I. Automatic Referral Procedures for Developing a Pool of Potentially Gifted Students

In the Spring Semester of each school year, a committee of teachers of the gifted will review the most recent system-wide test results to establish a pool of potential gifted students. The committee will use the criteria of scoring a Level 4 Distinguished Learner or a score in the top 20% when compared to students from the same school and grade level. From the criteria, the committee will compile a list of students for each school to review as potentially gifted students. From the list of potentially gifted students, each Teacher of the Gifted will complete the following steps. A file for each referring student will be established. The Gifted Referral Form (Form H) will be filled out for each student referral.

A. Contact the Parents

1. School personnel must inform the student's parents of the reason for referral by sending the following form to be completed and returned to the school:

- a. Notification of Consideration/Evaluation Consent (Form T)

B. Administer Tests

The Teacher of the Gifted will administer at least one approved mental ability test and at least one approved academic achievement test to the referring student. (See Section Five: Addendum for state approved tests.)

C. Obtain Creativity Criteria

The classroom teacher and two other individuals must complete one of the Creativity Rating Scales Form D or the teacher of the gifted will administer the Torrance Test of Creativity.

D. Obtain Motivation Criteria

The Teacher of the Gifted will obtain the Grade Point Average (GPA) for grades 6-12 or have three individuals complete the Motivation Checklist (Form F)

E. Complete the Referral/Eligibility Report Form

- a. The Teacher of the Gifted will complete the Referral/Eligibility Report (Form R) and Include data that pertains to the following four categories.
 - 1. Mental Ability
 - a. List the percentile scores
 - 2. Achievement
 - a. List the percentile scores for Total Reading, Total Math, and/or Total Battery
 - 3. Creativity
 - a. List the score from the Creativity Rating Scale or Torrance Test of Creativity
 - 4. Motivation
 - a. List the GPA or score from the Motivation Rating Scale

(Refer to Section VI. Categories for Multiple Criteria for New Rule .38 of 2012 for selection of test and rating scales.)

- 2. The Teacher of the Gifted will meet with the classroom teacher and principal to discuss eligibility criteria.

F. Complete Staffing Procedures for Students

1. The Teacher of the Gifted will complete the staffing procedures for students who are eligible. (See IV. Staffing Procedures for instructions.)
2. The Teacher of the Gifted will complete the staffing procedures for students who are not eligible. (See IV. Staffing Procedures for instructions.)

II. Automatic Referral Procedures for Rule .08

A. 1985 (Rule .08) Eligibility Standards

1. From the list of potentially gifted students that were collected by the committee of Teachers in the Spring, students who meet the 1985 (Rule .08) eligibility standards are automatically eligible for placement. (See V. Program for the Gifted Eligibility Criteria.)
2. The Teacher of the Gifted will complete the Referral/Eligibility Report (Form I-4) by including the following sections:
 - a. Mental Ability-List the percentile score.
 - b. Achievement-List the percentile score(s).
3. The Teacher of the Gifted will meet with the principal and classroom teacher to discuss eligibility.
4. The Teacher of the Gifted will complete the Staffing Procedures for students who are Eligible and/or who are not eligible. (See IV. Staffing Procedures.)

III. Individual (Reported) Referral Procedures

If a student is referred for consideration for the Program for the Gifted by teachers, counselors, administrators, parents or guardians, peers, self and other individuals with knowledge of the student's abilities, the following steps are to be followed:

A. Gather Documentation

1. The teacher of the gifted will complete the Gifted Referral Form (Form H) and submit to the onsite gifted testing administrator.

B. Contact the Parents

1. School personnel must inform the student's parents of the reason for referral by sending The following form to be completed and returned to the school:
 - a. Notification of Consideration/Evaluation Consent (Form T)

C. Administer Tests

1. The Teacher of the Gifted will administer at least one approved mental ability test and/or at least one approved academic achievement test to the referred student. (See VI. Categories for Multiple Criteria for New Rule .38 of 1995 for the list of Mental Ability Tests and Achievement Tests.)

D. Gather Creativity Data

1. The classroom teacher and two other qualified individuals must complete the Creativity Characteristics Rating Scales (Renzulli Scales) or the Teacher of the Gifted will administer the Torrance Test of Creativity.

E. Obtain Motivation Criteria

1. The Teacher of the Gifted will obtain the Grade Point Average (GPA) or complete the Motivation Checklist. (See X. Category Four Motivation Criteria.)

F. Complete the Referral/Eligibility Report Form

1. The Teacher of the Gifted will complete the Referral/Eligibility Report (Form R) and include data that pertains to the following four categories:
 1. Mental Ability
 - a. List the percentile scores
 2. Achievement
 - a. List the percentile scores for Total Reading, Total Math, and/or Total Battery
 3. Creativity
 - a. List the score from the Creativity Rating Scale and/or the Torrance Test of Creativity.
 4. Motivation
 - a. List the GPA or score from the Motivation Rating Scale

(Refer to Section VI. Categories for Multiple Criteria for New Rule .38 of 1995 for selection of test and rating scales.)

2. The Teacher of the Gifted will meet with the classroom teacher and principal to discuss eligibility criteria.

G. Complete Staffing Procedures for Student

1. The Teacher of the Gifted will complete the staffing procedures for students who are eligible. (See IV. Staffing Procedures for instructions.)
2. The Teacher of the Gifted will complete the staffing procedures for students who are not eligible. (See IV. Staffing Procedures for instructions.)

IV. Staffing Procedures

A. Procedures for students who are not eligible

1. The Teacher of the Gifted will send the parents a letter stating the student's ineligibility. (See Form X.)

B. Procedures for Staffing students who are eligible

The Teacher of the Gifted will complete the following steps:

- Complete the Individual Program Description (Form Y) for each eligible student.
- Forms sent to parents
- 1. Notification of Eligibility/Placement Consent (Form P) (all copies for parental signature and return back to school)

Upon receiving signed paperwork for consent, the Teacher of the Gifted will provide the following:

1. Individual Program Description (Form Y) (Pink Copy)
2. Continuation Policy (Form G)

C. Procedures for Parent Conference

1. If a teacher or parent request a conference to discuss eligibility status and/or placement, the Teacher of the Gifted will keep written minutes regarding parent conference.

D. Procedures for Documentation

1. The Teacher of the Gifted will:

- a. Keep up-to-date files on all gifted students in their permanent records. A duplicate copy of all active files will be sent and kept at the LEA office.
- b. Send the inactive student files to the LEA office to be placed in the inactive file for further reference.
- c. The LEA and the gifted coordinators will meet at the end of each school year to review the County Administrative Procedures Manual for Gifted Education Services. Any revisions will be reported to the Georgia Department of Education.

E. Procedures for Annual Review (End of the Year)

- 1. Progress in the Program for the Gifted shall be reviewed and a determination of continuation in the program made annually. The Teacher of the Gifted shall:
 - a. Obtain and calculate an overall yearly academic average from report cards or permanent records.
 - b. Determine continuation status
 - 1. If a gifted student meets the continuation criteria, the Teacher of the Gifted shall send to parents:
 - I. Annual Review (Form A) (White Copy-Gifted file-kept in permanent record; Pink Copy-Parent Copy; Yellow Copy-LEA Office.)
 - II. Individual Program Description (Form Y) for the up-coming school year when students return for the next school year.

F. Procedures for Probation

- 1. Progress in the Program for the Gifted shall be reviewed and a determination of continuation in the program shall be made at the end of each semester. The Teacher of the Gifted shall:
 - a. Obtain and calculate an academic average from report cards.
 - b. Obtain scores from State Standardized Tests (end of year only).
 - c. Determine continuation status.
 - 1. If a gifted student does not meet the continuation criteria, the Teacher of the Gifted shall send the Notification of Probation (Form N) to the parents for the mid-year review or (Form A) for the annual review.

G. Procedures for Withdrawal

- 1. A gifted student will be withdrawn from the Program for the Gifted for the following reasons:
 - a. Failure to maintain continuation criteria and was on probation for one semester
 - b. Parent request
 - c. Other
- 2. If a gifted student withdraws from the Program for the Gifted, then the Withdrawal letter (Form W) must be completed and sent to parents for signature.

H. Procedures for Re-Entry to the Program for the Gifted

- 1. Students, who have been withdrawn from the Program of the Gifted, may re-enter the Program for the Gifted upon meeting the specifications of the Chattooga County's Continuation Policy for the Program of the Gifted.
- 2. Parents of students requesting re-entry shall complete the application for Re-entry to The Program for the Gifted (Form E.)
- 3. The Teacher of the Gifted shall complete the following for the student requesting re-entry:
 - a. Obtain and calculate the current academic average.
 - b. Determine continuation status
 - i. If the requesting re-entry student meets the continuation criteria, complete and send to the parents an Individual Program Description (Form Y) for the appropriate school year.

- ii. If the requesting re-entry student does not meet the continuation criteria, send to the parents a copy of the Re-entry Application (Form E) indicating the student is not eligible for re-entry.

I. Procedures for Retesting Ineligible Students

1. By parent request, students who did not meet eligibility criteria for the Program for the Gifted, can be retested to see if they qualify. A maximum of three testing periods in alternating years is required. Example: If a student is tested in first grade, he/she must wait until third grade to be tested again. He/she can only be tested a maximum of three times in their school career.

V. Program for the Gifted Eligibility Criteria

A. State Board Rule 160-4-2-.08 of 1985

Students may be placed in the Program for the Gifted upon meeting the old rule of gifted which requires a mental ability test and achievement test.

<u>Grade Level</u>	<u>Mental Ability</u>	<u>Achievement</u>
K-2	99 th Percentile	Not Applicable
3-12	96 th Percentile	90% Percentile Composite, or 90% Percentile Reading or Math

B. State Board Rule 160-4-2-.38 of 1995

To be eligible for gifted education services, a student must meet criteria in any three of the following four areas: Mental Ability (intelligence), Achievement, Creativity, and Motivation

Category One: Mental Ability

This category uses:

Standardized mental ability tests meeting criteria

Eligibility criteria is:

≥ 96% Percentile on composite or full scale score or appropriate component score

Category Two: Achievement

This Category uses:

Standardized achievement tests

Eligibility criteria is:

≥ 90% Percentile on total battery or total math or total reading score

Category Three: Creativity

This category uses:

Normed creativity rating scales by two evaluators
Torrance Test of Creativity

Eligibility criteria is:

A score ≥90 on a scale of 1-100

Category Four: Motivation

This category uses:

Grades from regular program, or
Standardized Motivation rating scales

Eligibility criteria is:

GPA ≥3.5 (on a 4.0 scale over previous 2 years) 6-12 grades only
A score ≥90 on a scale of 1-100

VI. Instruments for Categories of Multiple Criteria (.38)

SCHOOL DIVISION	MENTAL ABILITY	ACHIEVEMENT	CREATIVITY	MOTIVATION
ELEMENTARY	<ul style="list-style-type: none"> • CogAt Form 7 • Naglieri Nonverbal Ability Test • WJ:IV 4th Ed 	<ul style="list-style-type: none"> • Iowa Test of Basic Skills (ITBS) Form E • DAB-3 • WIAT III 	<ul style="list-style-type: none"> • Renzulli Rating Scale-Part II • Torrance Creativity Test 	<ul style="list-style-type: none"> • Renzulli Rating Scale-Part III

VII. Category One: Mental Ability Criteria

1. The Program for the Gifted of Chattooga County School System will use mental ability tests that meet the following criteria:
 - Measure intelligence or cognitive ability
 - Be the most current edition of that published test
 - Normative data for group test shall be no more than ten years old
 - Yield percentile rankings by age(s)
 - Normed on a nationally representative sample that included minority representation
 - Test development included bias review
2. As of the effective date of January 3, 1996, test score used to establish eligibility for placement under Rule 160-4-2 .08 or Rule 160-4-2- .38 shall be current within (not older than) two calendar years.
3. The Program for the Gifted will use one of the following mental ability tests:
 - a. CogAt-Cognitive Abilities Test

b. Naglieri Nonverbal Ability Test

Recommended Test Levels for CogAT for grades K-12

GRADE	CogAT TEST LEVEL
K	5/6
1	7
2	8
3	9
4	10
5	11
6	12
7	13/14
8	13/14
9	15/16
10	15/16
11	17/18
12	17/18

VIII. Category Two: Achievement Criteria

1. The Program for the Gifted of Chattooga County School System will use achievement tests that meet the following criteria:
 - Be most current edition of that published test
 - Measure, at a minimum, reading including reading comprehension, and give a total reading score or total mathematics score based upon a combination of scores in math concepts and applications
 - Normative data for these tests shall be no more than ten years old
 - Yield percentile rankings by age(s) (ITBS=grade instead of age)
 - Normed on a nationally representative sample that included minority representation
 - Test development included bias review

2. As of the effective date of January 3, 1996 test score used to establish eligibility for placement under Rule 160-4-2 .08 or Rule 160-4-2- .38 shall be current within (not older than) two calendar years.

3. The Program for the Gifted will use the following achievement tests:
 - a. Iowa Test of Basic Skills (ITBS), Form M, Updated in the fall of each school year. Recommended Test Levels for grade K-9

GRADE	FALL	MIDYEAR	SPRING
K	Level 5	Level 5	Level 5-6
1	Level 6	Level 6	Level 7
2	Level 7	Level 7-8	Level 8
3	Level 9	Level 9	Level 9
4	Level 10	Level 10	Level 10
5	Level 11	Level 11	Level 11

6	Level 12	Level 12	Level 12
7	Level 13	Level 13	Level 13
8	Level 14	Level 14	Level 14
9	14 or TAP	14 or TAP	14 or TAP

**CHATTOOGA COUNTY SCHOOL SYSTEM
PROGRAM FOR THE GIFTED**

IX. Category Three: Creativity Criteria

1. The Program for the Gifted of Chattooga County School System will use standardized creativity characteristics rating scales to evaluate student performance. The criteria must reflect a scale from 1-100 that can be translated into a numerical score ≥ 90 . The criteria shall be applied to the performance by at least three qualified individuals. Two out of the three rating scales must be ≥ 90 for eligibility.
2. The Program for the Gifted will use one of the following rating scales:
 - b. Torrance Test of Creativity Thinking TTCT
 - c. Renzulli Rating Scale – Part II Creativity Characteristics
3. Rating scales used to qualify student motivation shall differentiate levels such that judgments may equate to the 90th percentile. If a rating scale is used to evaluate creativity, a rating scale shall not be used to evaluate motivation.
4. The Scoring Procedures will be used for the following rating instrument:
Renzulli Rating Scale. Part II Creativity Characteristics
 Use the form called Scales for Rating the Behavior Characteristics of Superior Students, Part II: Creativity Characteristics that is published by Prufrock Press, Inc. which is located in the Appendix, Form D. See the Appendix for norming data for the Renzulli Rating Scale. As suggested by Renzulli, norming procedures will take place at each school and grade level. These norms will be kept on file with the Gifted Coordinators at each school and LEA.
 At least two of the three rating scales must have a +90 percentile for the student to be eligible in Creativity category.

X. Category Four: Motivation Criteria

The Program for the Gifted of Chattooga County School System will use the Grade Point Average GPA or motivation characteristics rating scales. GPA is used for 6-12 only.

A. Grade Point Average (GPA)

1. The Program for the Gifted of Chattooga County School System will use the Grade Point Average (GPA) of ≥ 3.5 on a 4.0 scale, using an average of grade from the regular school program over the previous two school years for students in grade six through twelve. GPAs of students are determined by calculating the grades during the two years prior to evaluation in the subjects of:
 - Mathematics
 - Science
 - English or Language Arts
 - Social Studies
 - Full Year of World Languages

B. Motivation Rating Scales

1. The Program for the Gifted of Chattooga County School System will use standardized motivation characteristics rating scales to evaluate a student. The criteria must reflect a scale form 1-100 that can be translated into a numerical score ≥ 90 . The rating scale must be completed at least by three individuals. Two out of the three rating scales must be ≥ 90 for eligibility.
2. The Program for the Gifted will use the following Motivation characteristics rating scale:
 - a. Renzulli Rating Scale-Part III Motivational Characteristic
3. Rating scales used to qualify student motivation shall differentiate levels such that judgments may equate to the 90th percentile. If a rating scale is used to evaluate motivation, a rating scale shall not be used to evaluate creativity.
4. The Scoring Procedures will be used for the following rating instruments
 - a. Renzulli Rating Scale, Part III Motivational Characteristics
Use the form called Scales for Rating the Behavioral Characteristics of Superior Students, Part III: Motivational Characteristics published by Prufrock Press, Inc. which is located in the Appendix, Form F. As suggested by Renzulli, norming procedures will take place at each school and grade level. These norms will be kept on file with the Gifted Coordinators at each school and LEA. At least two of the three rating scales must have a 90 percentile or better for the student to be eligible in the Motivation Category.

Chattooga County Schools Program for the Gifted

Section Four Appendix

CHATTOOGA COUNTY SCHOOL SYSTEM
PROGRAM FOR THE GIFTED
ANNUAL REVIEW

Student: _____

Date: _____

A review of your child's performance this school year in the Program for the Gifted and in the regular class has been completed by the teacher of the gifted. The review has determined that for school year _____ - _____:

_____ Continued placement in the Program for the Gifted is appropriate. Your child will continue in the program unless you disagree with this placement. If you disagree, please contact your child's teacher.

_____ Your child will continue in the Program for the Gifted on probation because the continuation criteria was not met. Your child exhibited unsatisfactory performance in the gifted content areas and/or gifted programs.

Comments: _____

Students, who do not meet the continuation criteria after a probationary period of two semesters, are withdrawn from the Program for the Gifted.

Teacher of the Gifted

**CHATTOOGA COUNTY SCHOOL SYSTEM
GIFTED PROGRAM
CONTRACT FOR CLUSTER CLASSROOMS**

STUDENT _____ DATE _____
SCHOOL _____ GRADE _____
TEACHER OF GIFTED _____

CONTRACT PERIOD OF TIME (check one) CONTACT TIME: (check one)
____ 1st semester _____ 2nd semester a. ____ 1 segment per day
____ school year of ____ _____ Other _____ b. ____ 2 segments per day
c. ____ 3 segments per day
d. ____ 4 segments per day
e. ____ 5 segments per day
f. ____ 6 segments per day

CURRICULUM FOCUS: (check one or more)
The contract will have as a curriculum focus in the following content areas:
a. ____ Language Arts b. ____ Science
c. ____ Social Studies d. ____ Mathematics e. ____ Foreign Language

A differentiated curriculum for gifted learners includes the following expectations:
(CHECK ALL THAT APPLY)

Content: Complex and challenging subject matter that:
____ Requires intellectual struggle
____ Utilizes primary documents
____ Integrates research skills and methods
____ Incorporates relevant and real life experiences
____ Integrates interdisciplinary connections

Process: Instructional strategies are designed to:
____ Emphasize higher-order thinking, problem-solving and communications skills
____ Foster self-initiated and self-directed learning
____ Promote creative application of ideas
____ Model and encourage academic discussion

Product: Gifted student products should demonstrate a developmentally appropriate capacity for:
____ Self-directed learning
____ Meaningful collaboration
____ Effective problem solving of challenging and complex issues
____ Social and emotional understanding of self relative to community, culture, and physical environment

Environmental: Physical setting and work conditions to:
____ Change the actual place where students work
____ Allow flexible time
____ Provide opportunities for independent study and in-depth research
____ Provide opportunities for mentorship

Assessment: Gifted learners need various methods and opportunities to document mastery of curriculum such as:
____ Pre/Post test
____ Self-assessment through rubrics
____ Creation of goal-based checklists
____ Conferencing, commentary, and qualitative feedback (Cobb, 2012)

Form B

Chattooga School System 2018 Norm Establishment
Gifted Program: Creativity and Motivation

Purpose: In accordance with *Scales for Rating the Behavioral Characteristics of Superior Students: Renzulli Scales Technical and Administration Manual*, 3rd edition, local norms were established. As set forth in the manual, these norms should be reestablished every ten years.

Selection Process: It is recommended that each school, at every grade level, within the system establish norms with a grade level sample of at least 100 students. Because Menlo School and Lyerly School do not have a population at each grade level of 100 students, a single local norm for each grade level, K-8, was established. At Menlo School and Lyerly School a population of each grade level was surveyed, and at Summerville Middle and Leroy Massy Schools a random sample was taken, with the goal being to collect a minimum of 100 ratings and a maximum of 200 ratings each for Creativity and Motivational Scales at each grade level.

Method: Homeroom teachers completed the checklists and calculated the raw scores. These raw scores at each grade level were listed in descending order. The number of students attaining each score were tallied. The number of students attaining each score was tabulated. The frequencies were added consecutively. The percentile rank of each score was tabulated and a baseline of 90% was established. See Appendix E: How to Develop Local Norms in *Scales for Rating the Behavioral Characteristics of Superior Students: Renzulli Scales Technical and Administration Manual*, 3rd edition, for more information.

Results: See Attachment

Summary of Scores

- I Learning Characteristics
- II Creativity Characteristics
- III Motivation Characteristics
- IV Leadership Characteristics
- V Artistic Characteristics
- VI Musical Characteristics
- VII Dramatics Characteristics
- VIII Communication Characteristics (Precision)
- IX Communication Characteristics (Expressiveness)
- X Planning Characteristics
- XI Mathematics Characteristics
- XII Reading Characteristics
- XIII Technology Characteristics
- XIV Science Characteristics

Directions

These scales are designed to obtain teacher estimates of a student's characteristics in the areas of learning, motivation, creativity, leadership, art, music, drama, communication, planning, mathematics, reading, technology, and science. The items are derived from the research literature dealing with characteristics of gifted and creative individuals. It should be pointed out that a considerable amount of individual differences can be found within this population, and therefore, the profiles are likely to vary a great deal. Each item in the scales should be considered separately and should reflect the degree to which you have observed the presence or absence of each characteristic. Because the 14 dimensions of the instrument represent relatively different sets of behaviors, the scores obtained from the separate scales should *not* be summed to yield a total score. In addition, we have purposefully avoided developing national norms for this instrument. If you choose to develop local norms, they should be constructed for individual schools and grade levels. Instructions for calculating local norms can be found in the *Scales for Rating the Behavioral Characteristics of Superior Students—Revised Edition: Technical and Administration Manual*.

Read each item in each scale and place an "x" in the box that corresponds with the frequency to which you have observed the behavior. Each item should be read with the beginning phrase, **"The student demonstrates . . ."** or **"The student . . ."**.

**CHATTOOGA COUNTY SCHOOL SYSTEM
PROGRAM FOR THE GIFTED
CONTINUATION POLICY**

Continued placement in the Program for the Gifted, according to the Georgia State Department of Education regulations and procedures, shall include satisfactory performance in gifted classes and must provide for a probationary period. To meet these requirements satisfactory performance shall be determined by maintenance of an overall “B” or 80+ average, and no grade below a 70 in academic subjects for which the student receives gifted education services. The student must also meet standards on the Georgia Milestones Test in the subject areas for which they receive gifted services.

Continued placement for gifted students shall consist of the above unless there are compelling reasons why special consideration should be given. These reasons must be documented.

Students failing to meet the continuation criteria are automatically placed on probation. Probation may last a minimum of one semester, but no more than two semesters. Parents will be notified in writing of this probation.

Students on probation who do not show improvement after two semesters will be automatically withdrawn from the program. Parents will be notified in writing prior to withdrawal. If withdrawn, a student may re-enter the Program for the Gifted upon meeting the specifications of the continuation criteria.

Program for the Gifted

Gifted Referral Form pg. 1

School: _____ Date: _____ Grade: _____ Teacher: _____

Directions: Consider your students, and identify those not in the Gifted Program who exhibit these behaviors and characteristics. If a student does not have multiple behaviors in at least one of these criteria, a referral should be postponed until such evidence is available. Remember to compare each child to what is typical of a child his or her age.

Characteristics/ Observations

Mental Ability	Achievement	Creativity	Motivation
Students who... Learn easily and rapidly Know a lot about a variety of topics Exhibit quick mastery of most academic subjects Retain/recall information easily Have keen powers of observation Demonstrate superior ability to think critically, reason logically, and/or conceptualize Are highly verbal; demonstrate advanced language development Transfer concepts and learning to new situations Have the ability to make inferences and see connections between unconnected ideas Ask questions that reflect thinking or abstract ideas	Students who... Demonstrate advanced ability or knowledge in specific area(s) Have advanced vocabulary and knowledge base Have high standardized test scores; generally 1-2 years above grade Memorize easily and rapidly Demonstrate superior ability to organize Easily comprehend what they see, hear, read, etc. Enjoy challenge Set personal goals and strives to achieve them Are "perfectionists"; may turn other students off or be called a "smarty" Understand topics in-depth	Students who... Exhibit heightened curiosity or questioning attitudes Are highly imaginative Have a keen sense of humor Have high energy Are unusually sensitive or intuitive Have a wide range of interests Offer many original ideas or solutions Are nonconformist, flexible, accept disorder, do not fear being different Include details in work; elaborate Have an aptitude for art, music, acting, or writing Understand jokes or puns earlier than others	Students who... Are usually persistent, goal-directed Have longer than average attention spans Are unusually alert, eager Demonstrate an intense desire to learn, to "be somebody," or do something Are independent; self-starters; leaders Consistently make good grades Have hobbies, collections, long-term interests Are concerned with adult topics Require little direction to complete tasks Motivates/influences others; may be bossy Are sought by peers for play or work groups

Dear Parent:

Your child has been determined to be eligible for placement in the Program for the Gifted. Enclosed for your records are copies of the Program Description and the Continuation Policy.

You will be informed in writing should your child's continuation in the program be in question. If it is determined that your child is to be withdrawn from the Program for the Gifted, prior notice will be given.

Your child's progress in the program will be reviewed and a determination of continuation in the program will be made annually.

Please indicate your decision concerning your child's enrollment in the Program for the Gifted by signing and returning this form to your child's school. If you would like a conference to discuss your child's eligibility and placement, please contact me.

Dear _____,

Your child is being considered for placement in the Program for the Gifted because of:

- _____ systemwide test results
- _____ teacher referral
- _____ other: _____

Your written permission for additional testing is required. Please sign below and return this form to your child's teacher. You will be notified in writing of your child's eligibility for this program. Once the evaluation is completed, you will be given an opportunity to discuss the results of the testing and consideration of eligibility and placement if you wish.

Should you have any concerns, please contact me.

Sincerely,

 (Teacher of the Gifted)

II. Contact Hours:

Contact Hours per week are five unless noted below:

III. Differentiated Curriculum

Gifted students need the opportunity to work through the curriculum at a faster pace and need less time on basics and revision. The curriculum is differentiated in complexity and acceleration which offers a variety of options for students who differ in abilities, knowledge, and skills. In a differentiated curriculum, teachers offer different approaches to *what students learn* (content), *how students learn* (process) *how students demonstrate what they have learned* (product) and how they are evaluated (assessment) (Tomlinson, 2000).

IV. Curriculum Focus:

The units and activities will have a focus in the following content areas: (check one or more)

Pre-K–Grade 12 Gifted Program Standards

Introduction

In 1998, NAGC developed and released the *Pre-K–Grade 12 Gifted Program Standards* to assist school districts in examining the quality of their programming for gifted learners.

Recognizing that the ongoing evaluation and retooling of a successful gifted program is an evolutionary process, the NAGC Standards detail a framework including both *minimum standards* (nominal requirements for satisfactory programs) and *exemplary standards* (characteristics of excellence in gifted education programming).

To help you focus on important aspects of gifted programming, the current *Standards* are divided into seven criterion areas: Program Design, Program Administration and Management, Student Identification, Curriculum and Instruction, Socio-Emotional Guidance and Counseling, Professional Development, and Program Evaluation.

Several organizing principles guided the work of the task force, including:

- Standards should encourage but not dictate approaches of high quality.
- Standards represent both requisite program outcomes and standards for excellence.
- Standards establish the level of performance to which all educational school districts and agencies should aspire.
- Standards represent professional consensus on critical practice in gifted education that most everyone is likely to find acceptable.
- Standards are observable aspects of educational programming and are directly connected to the continuous growth and development of gifted learners.

For more information and guidance about using the *NAGC Pre-K–Grade 12 Gifted Program Standards*, visit www.nagc.org.

Definitions

Gifted learners are “students, children, or youth who give evidence of high achievement capability in areas such as intellectual, creative, artistic, or leadership capacity, or in specific academic fields, and who need services and activities not ordinarily provided by the school in order to fully develop those capabilities.” (*No Child Left Behind*, 2002).

Gifted education programming is a coordinated and comprehensive structure of informal and formal services provided on a continuing basis intended to effectively nurture gifted learners.

A *standard* is a criterion-based designated level of performance against which programming success is measured (Worthen, Sanders, & Fitzpatrick, 1997). The *Standards* here allow us to evaluate existing programs, compare services across schools and districts, and provide guidance for developing new programs for gifted learners. This document contains both *minimum standards*—requisite conditions for acceptable gifted education practice and *exemplary standards*—desirable and visionary conditions for excellence in gifted education practice.

Gifted Education Programming Criterion: Curriculum and Instruction

Description: Gifted education services must include curricular and instructional opportunities directed to the unique needs of the gifted learner.		Exemplary Standards
Guiding Principles	Minimum Standards	
<p>1. Differentiated curriculum for the gifted learner must span grades pre-K-12.</p> <p>2. Regular classroom curricula and instruction must be adapted, modified, or replaced to meet the unique needs of gifted learners.</p>	<p>1.0M Differentiated curriculum (curricular and instructional adaptations that address the unique learning needs of gifted learners) for gifted learners must be integrated and articulated throughout the district.</p> <p>2.0M Instruction, objectives, and strategies provided to gifted learners must be systematically differentiated from those in the regular classroom.</p> <p>2.1M Teachers must differentiate, replace, supplement, or modify curricula to facilitate higher level learning goals.</p> <p>2.2M Means for demonstrating proficiency in essential regular curriculum concepts and processes must be established to facilitate appropriate academic acceleration.</p> <p>2.3M Gifted learners must be assessed for proficiency in basic skills and knowledge and provided with alternative challenging educational opportunities when proficiency is demonstrated.</p>	<p>1.0E A well-defined and implemented curriculum scope and sequence should be articulated for all grade levels and all subject areas.</p> <p>2.0E District curriculum plans should include objectives, content, and resources that challenge gifted learners in the regular classroom.</p> <p>2.1E Teachers should be responsible for developing plans to differentiate the curriculum in every discipline for gifted learners.</p> <p>2.2E Documentation of instruction for assessing level(s) of learning and accelerated rates of learning should demonstrate plans for gifted learners based on specific needs of individual learners.</p> <p>2.3E Gifted learners should be assessed for proficiency in all standard courses of study and subsequently provided with more challenging educational opportunities.</p>
	<p>3. Instructional pace must be flexible to allow for the accelerated learning of gifted learners as appropriate.</p> <p>4. Educational opportunities for subject and grade skipping must be provided to gifted learners.</p> <p>5. Learning opportunities for gifted learners must consist of a continuum of differentiated curricular options, instructional approaches, and resource materials.</p>	<p>3.0M A program of instruction must consist of advanced content and appropriately differentiated teaching strategies to reflect the accelerative learning pace and advanced intellectual processes of gifted learners.</p> <p>4.0M Decisions to proceed or limit the acceleration of content and grade acceleration must only be considered after a thorough assessment.</p> <p>5.0M Diverse and appropriate learning experiences must consist of a variety of curricular options, instructional strategies, and materials.</p> <p>5.1M Flexible instructional arrangements (e.g., special classes, seminars, resource rooms, mentorships, independent study, and research projects) must be available.</p>

Gifted Education Programming Criterion: Program Administration and Management

Description: Appropriate gifted education programming must include the establishment of a systematic means of developing, implementing, and managing services. Guiding Principles	Minimum Standards	Exemplary Standards
1. Appropriately qualified personnel must direct services for the education of gifted learners.	1.0M The designated coordinator of gifted education programming must have completed coursework or staff development in gifted education and display leadership ability to be deemed appropriately qualified. 2.0M The gifted education program must create linkages between general education and gifted education at all levels.	1.0E The designated gifted programming coordinator must have completed a certification program or advanced degree program in gifted education.
2. Gifted education programming must be integrated into the general education program.	2.0M The gifted education program must create linkages between general education and gifted education at all levels.	2.0E Responsibility for the education of gifted learners is a shared one requiring strong relationships between the gifted education program and general education school wide.
3. Gifted education programming must include positive working relationships with constituency and advocacy groups, as well as with compliance agencies.	3.0M Gifted programming staff must establish ongoing parent communication. 3.1M Gifted programs must establish and use an advisory committee that reflects the cultural and socio-economic diversity of the school or school district's total student population, and includes parents, community members, students, and school staff members. 3.2M Gifted education programming staff must communicate with other on-site departments as well as other educational agencies vested in the education of gifted learners (e.g., other school districts, school board members, state departments of education, intermediate educational agencies, etc.).	3.0E The gifted education programming staff should facilitate the dissemination of information regarding major policies and practices in gifted education (e.g., student referral and screening, appeals, informed consent, student progress, etc.) to school personnel, parents, community members, etc. 3.1E Parents of gifted learners should have regular opportunities to share input and make recommendations about program operations with the gifted programming coordinator. 3.2E The gifted education program should consider current issues and concerns from other educational fields and agencies regarding gifted programming decision making on a regular basis.
4. Requisite resources and materials must be provided to support the efforts of gifted education programming.	4.0M Resources must be provided to support program operations. 4.1M Technological support must be provided for gifted education programming services. 4.2M The library selections must reflect a range of materials including those appropriate for gifted learners.	4.0E A diversity of resources (e.g., parent, community, vocational, etc.) should be available to support program operations. 4.1E Gifted education programming should provide state-of-the-art technology to support appropriate services. 4.2E The acquisition plan for purchasing new materials for the school should reflect the needs of gifted learners.

Table 2 of 7

Gifted Education Programming Criterion: Program Design

Description: The development of appropriate gifted education programming requires comprehensive services based on sound philosophical, theoretical, and empirical support.		Exemplary Standards	
Guiding Principles		Minimum Standards	
1. Rather than any single gifted program, a continuum of programming services must exist for gifted learners.	1.0M Gifted programming services must be accessible to all gifted learners.	1.0E Levels of services should be matched to the needs of gifted learners by providing a full continuum of options.	
	2. Gifted education must be adequately funded.	2.0M Gifted education funding should be equitable compared to the funding of other local programming.	2.0E Gifted education programming must receive funding consistent with the program goals and sufficient to adequately meet them.
3. Gifted education programming must evolve from a comprehensive and sound base.	3.0M Gifted education programming must be submitted for outside review on a regular basis.	3.0E Gifted education programming should be planned as a result of consultation with informed experts.	
	3.1M Gifted programming must be guided by a clearly articulated philosophy statement and accompanying goals and objectives.	3.1E The school or school district should have a mission/philosophy statement that addresses the need for gifted education programming.	
	3.2M A continuum of services must be provided across grades pre-K-12.	3.2E A comprehensive pre-K-12 program plan should include policies and procedures for identification, curriculum and instruction, service delivery, teacher preparation, formative and summative evaluation, support services, and parent involvement.	
4. Gifted education programming services must be an integral part of the general education school day.	4.0M Gifted education programming should be articulated with the general education program.	4.0E Gifted services must be designed to supplement and build on the basic academic skills and knowledge learned in regular classrooms at all grade levels to ensure continuity as students progress through the program.	
	4.1M Appropriate educational opportunities must be provided in the regular classroom, resource classroom, separate, or optional voluntary environments.	4.1E Local school districts should offer multiple service delivery options as no single service should stand alone.	
5. Flexible groupings of students must be developed in order to facilitate differentiated instruction and curriculum.	5.0M The use of flexible grouping of gifted learners must be an integral part of gifted education programming.	5.0E Gifted learners should be included in flexible grouping arrangements in all content areas and grade levels to ensure that gifted students learn with and from intellectual peers.	
	6. Policies specific to adapting and adding to the nature and operations of the general education program are necessary for gifted education.	6.0M Existing and future school policies must include provisions for the needs of gifted learners.	6.0E Gifted education policies should exist for at least the following areas: early entrance, grade skipping, ability grouping, and dual enrollment.

Table 3 of 7

Gifted Education Programming Criterion: Program Evaluation Description: Program evaluation is the systematic study of the value and impact of services provided.	
Guiding Principles	Minimum Standards
1. An evaluation must be purposeful.	1.0M Information collected must reflect the interests and needs of most of the constituency groups. 2.0M School districts must provide sufficient resources for program evaluation. 3.0M Persons conducting the evaluation must be competent trustworthy. 3.1M The program evaluation design must address whether or not services have reached intended goals. 3.2M Instruments and procedures used for data collection must be valid and reliable for their intended use. 3.3M Ongoing formative and summative evaluation strategies must be used for substantive program improvement and development. 3.4M Individual data must be held confidential.
2. An evaluation must be efficient and economic.	2.0E School districts should allocate adequate time, financial support, and personnel to conduct systematic program evaluation. 3.0E Persons conducting the evaluation should possess an expertise in program evaluation in gifted education. 3.1E The evaluation design should report the strengths and weaknesses found in the program, as well as critical issues that might influence program services. 3.2E Care should be taken to ensure that instruments with sufficient evidence of reliability and validity are used, and that they are appropriate for varying age, developmental levels, gender, and diversity of the target population. 3.3E Formative evaluations should be conducted regularly with summative evaluations occurring minimally every five years or more often as specified by state or local district policies. 3.4E All individuals who are involved in the evaluation process should be given the opportunity to verify information and the resulting interpretation.
3. An evaluation must be conducted competently and ethically.	4.0E Evaluation reports must be designed to present results and encourage follow-through by stakeholders.
4. The evaluation results must be made available through a written report.	

Gifted Education Programming Criterion: Socio-Emotional Guidance and Counseling

Description: Gifted education programming must establish a plan to recognize and nurture the unique socio-emotional development of gifted learners.

Guiding Principles	Minimum Standards	Exemplary Standards
1. Gifted learners must be provided with differentiated guidance efforts to meet their unique socio-emotional development.	1.0M Gifted learners, because of their unique socio-emotional development, must be provided with guidance and counseling services by a counselor who is familiar with the characteristics and socio-emotional needs of gifted learners. 2.0M Gifted learners must be provided with career guidance consistent with their unique strengths.	1.0E Counseling services should be provided by a counselor familiar with specific training in the characteristics and socio-emotional needs (i.e., underachievement, multipotentiality, etc.) of diverse gifted learners.
2. Gifted learners must be provided with career guidance services especially designed for their unique needs.	2.0M Gifted learners must be provided with career guidance consistent with their unique strengths.	2.0E Gifted learners should be provided with college and career guidance that is appropriately different and delivered earlier than typical programs.
3. Gifted at-risk students must be provided with guidance and counseling to help them reach their potential.	3.0M Gifted learners who are at risk must have special attention, counseling, and support to help them realize their full potential.	3.0E Gifted learners who do not demonstrate satisfactory performance in regular and/or gifted education classes should be provided with specialized intervention services.
4. Gifted learners must be provided with affective curriculum in addition to differentiated guidance and counseling services.	4.0M Gifted learners must be provided with affective curriculum as part of differentiated curriculum and instructional services.	4.0E A well-defined and implemented affective curriculum scope and sequence containing personal/social awareness and adjustment, academic planning, and vocational and career awareness should be provided to gifted learners.
5. Underachieving gifted learners must be served rather than omitted from differentiated services.	5.0M Gifted students who are underachieving must not be excused from gifted programs because of related problems.	5.0E Underachieving gifted learners should be provided with specific guidance and counseling services that address the issues and problems related to underachievement.

Gifted Education Programming Criterion: Professional Development

Description: Gifted learners are entitled to be served by professionals who have specialized preparation in gifted education, expertise in appropriate differentiated content and instructional methods, involvement in ongoing professional development, and who possess exemplary personal and professional traits.

Guiding Principles	Minimum Standards	Exemplary Standards
<p>1. A comprehensive staff development program must be provided for all school staff involved in the education of gifted learners.</p>	<p>1.0M All school staff must be made aware of the nature and needs of gifted students.</p> <p>1.1M Teachers of gifted students must attend at least one professional development activity a year designed specifically for teaching gifted learners.</p>	<p>1.0E All school staff should be provided ongoing staff development in the nature and needs of gifted learners, and appropriate instructional strategies.</p> <p>1.1E All teachers of gifted learners should continue to be actively engaged in the study of gifted education through staff development or graduate degree programs.</p>
<p>2. Only qualified personnel should be involved in the education of gifted learners.</p>	<p>2.0M All personnel working with gifted learners must be certified to teach in the areas to which they are assigned, and must be aware of the unique learning differences and needs of gifted learners at the grade level at which they are teaching.</p> <p>2.1M All specialist teachers in gifted education must hold or be actively working toward a certification (or the equivalent) in gifted education in the state in which they teach.</p> <p>2.2M Any teacher whose primary responsibility for teaching includes gifted learners, must have extensive expertise in gifted education.</p>	<p>2.0E All personnel working with gifted learners should participate in regular staff development programs.</p> <p>2.1E All specialist teachers in gifted education should possess a certification/specialization or degree in gifted education.</p> <p>2.2E Only teachers with advanced expertise in gifted education should have primary responsibility for the education of gifted learners.</p>
<p>3. School personnel require support for their specific efforts related to the education of gifted learners.</p>	<p>3.0M School personnel must be released from their professional duties to participate in staff development efforts in gifted education.</p>	<p>3.0E Approved staff development activities in gifted education should be funded at least in part by school districts or educational agencies.</p>
<p>4. The educational staff must be provided with time and other support for the preparation and development of the differentiated education plans, materials, curriculum.</p>	<p>4.0M School personnel must be allotted planning time to prepare for the differentiated education of gifted learners.</p>	<p>4.0E Regularly scheduled planning time (e.g., release time, summer pay, etc.) should be allotted to teachers for the development of differentiated educational programs and related resources.</p>

Table 6 of 7

Gifted Education Programming Criterion: Student Identification

Description: Gifted learners must be assessed to determine appropriate educational services.		Minimum Standards	Exemplary Standards
<p>Guiding Principles</p> <p>1. A comprehensive and cohesive process for student nomination must be coordinated in order to determine eligibility for gifted education services.</p> <p>2. Instruments used for student assessment to determine eligibility for gifted education services must measure diverse abilities, talents, strengths, and needs in order to provide students an opportunity to demonstrate any strengths.</p> <p>3. A student assessment profile of individual strengths and needs must be developed to plan appropriate intervention.</p> <p>4. All student identification procedures and instruments must be based on current theory and research.</p> <p>5. Written procedures for student identification must include, at the very least, provisions for informed consent, student retention, student reassessment, student exiting, and appeals procedures.</p>	<p>1.0M Information regarding the characteristics of gifted students in areas served by the district must be annually disseminated to all appropriate staff members.</p> <p>1.1M All students must comprise the initial screening pool of potential recipients of gifted education services.</p> <p>1.2M Nominations for services must be accepted from any source (e.g., teachers, parents, community members, peers, etc.).</p> <p>1.3M Parents must be provided with information regarding an understanding of giftedness and student characteristics.</p> <p>2.0M Assessment instruments must measure the capabilities of students with provisions for the language in which the student is most fluent, when available.</p> <p>2.1M Assessments must be culturally fair.</p> <p>2.2M The purpose(s) of student assessments must be consistently articulated across all grade levels.</p> <p>2.3M Student assessments must be sensitive to the current stage of talent development.</p> <p>3.0M An assessment profile must be developed for each child to evaluate eligibility for gifted education programming services.</p> <p>3.1M An assessment profile must reflect the unique learning characteristics and potential and performance levels.</p> <p>4.0M No single assessment instrument or its results denies student eligibility for gifted programming services.</p> <p>4.1M All assessment instruments must provide evidence of reliability and validity for the intended purposes and target students.</p> <p>5.0M District gifted programming guidelines must contain specific procedures for student assessment at least once during the elementary, middle, and secondary levels.</p> <p>5.1M District guidelines must provide specific procedures for student retention and exiting, as well as guidelines for parent appeals.</p>	<p>1.0E The school district should provide information annually, in a variety of languages, regarding the process for nominating students for gifted education programming services.</p> <p>1.1E The nomination process should be ongoing and screening of any student should occur at any time.</p> <p>1.2E Nomination procedures and forms should be available in a variety of languages.</p> <p>1.3E Parents should be provided with special workshops or seminars to gain a full meaning of giftedness.</p> <p>2.0E Assessments should be provided in a language in which the student is most fluent, if available.</p> <p>2.1E Assessment should be responsive to students' economic conditions, gender, developmental differences, handicapping conditions, and other factors that mitigate against fair assessment practices.</p> <p>2.2E Students identified in all designated areas of giftedness within a school district should be assessed consistently across grade levels.</p> <p>2.3E Student assessments should be sensitive to all stages of talent development.</p> <p>3.0E Individual assessment plans should be developed for all gifted learners who need gifted education.</p> <p>3.1E An assessment profile should reflect the gifted learner's interests, learning style, and educational needs.</p> <p>4.0E Student assessment data should come from multiple sources and include multiple assessment methods.</p> <p>4.1E Student assessment data should represent an appropriate balance of reliable and valid quantitative and qualitative measures.</p> <p>5.0E Student placement data should be collected using an appropriate balance of quantitative and qualitative measures with adequate evidence of reliability and validity for the purposes of identification.</p> <p>5.1E District guidelines and procedures should be reviewed and revised when necessary.</p>

School System
Program for the
Gifted**

**SECTION FIVE
Addendum**

Addendum 1

Standard VI: Family and Community Involvement

Many opportunities are afforded to families and the community to become involved in gifted education. Teachers encourage parents to come in the schools and assess student work including projects. PTO nights are set aside to teach standards. Field trips involve parents and guardians as well as fundraisers throughout the year. These fundraisers help fund gifted projects and field trips.

The community can read about these events in the local newspaper and in local school newsletters as well as the school websites. Also, community leaders have been invited to interact with gifted students at different locations and for different occasions.

Addendum 2

Standard V: Professional Development

Professional Development is provided through our local RESA office. Gifted classes are offered to all interested certified teachers at no cost to them. Other RESA classes for PLU's have been:

1. Differentiated Curriculum
2. Gifted Consortium
3. Standard Based Education

These are just a few of the classes offered to enrich our teachers with the local RESA office.

Addendum 3

Standard II: Requirements for Student Assessment

b. Secondary Sources:

Secondary sources are used as another assessment when students of all races/ethnic backgrounds come close but fall short of the primary source indicators for gifted. Those tests include: WJIII Test of Achievement, WIAT III, and the DAB-3 in both achievement and/or mental ability.

Georgia Department of Gifted Education Assessment Measures

2015 - 2016

Georgia Board of Education Rule 160-4-2-.38 Education Program for Gifted Students includes the following requirements:

Mental ability tests shall be the most current editions, or editions approved by GADOE, of published tests that measure intelligence or cognitive ability, which have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disability, and economic background within a 10-year period prior to administration.

Norm-referenced achievement tests shall be the most current editions of tests, or editions approved by GaDOE, that measure reading skills, including comprehension, and shall yield a total reading score and/or a total mathematics score based upon a combination of scores in mathematics concepts and applications. These tests shall have been reviewed for bias and are normed on a nationally representative sample with respect to race, religion, national origin, sex, disabilities, and economic background within a 10-year period prior to administration.

1. Mental Ability

Cognitive Abilities Test (CogAT) – Forms 6 and 7

In View

Kaufman Brief Intelligence Test (K_BIT)

Naglieri Nonverbal Ability Test (NNAT-2)

Kaufman Assessment Battery for Children II

Otis-Lennon School Ability Test

Slosson Intelligence Test

Test of Nonverbal Intelligence (TONI) Forms 3 and 4

The following tests must be administered individually by a licensed psychologist:

Differential Abilities Scales II

Reynolds Individual Assessment System (RIAD)

Stanford Binet Intelligence Scale, 5th Edition (SB:V)

Universal Nonverbal Intelligence Test (UNIT)

Wechsler Abbreviated Scale of Intelligence

Wechsler Intelligence Scale for Children (WISC V) Component and GAI scores may be used (Verbal, Comprehension, Perceptual Reasoning or Full Scale)

Wechsler Nonverbal Scale of Ability (WNV)

Woodcock-Johnson Cognitive Abilities Test: 4th Edition (WJ:IV)

Stanford Achievement Test 10th edition Abbreviated Form (Stanford 10)

Wechsler Individual Achievement Test (WIAT II, WIAT III)

Wide-Range Achievement Test – 3 (WRAT-3)

Woodcock-Johnson Tests of Achievement III

3. Creativity

Creativity Assessment Packet (CAP) w/out the Williams Scale (retired from list in FY 14)

Profile of Creative Abilities (PCA)

Torrance Test of Creative Thinking (TTCT)

Scales:

Gifted Evaluation Scale (GES) – Creativity Scale

Gifted and Talented Education Scale (GATES)

Gifted Rating Scales (GRS P for Kindergarten, GRS S for grades 1-5)

Scales for Rating the Behavioral Characteristics of Superior Students (Renzulli/Hartman)

Williams Scale – part of the Creativity Assessment Packet (CAP)

Product, Performance or Structured Observation

4. Motivation

GPA or NGSA in grades 6-12

CAIMI (any two subtests at 90% or higher) grades 4-8

Scales:

Gifted Evaluation Scale (GES) – Motivation Scale

Gifted Rating Scale (GRS P for Kindergarten, GRS S for grades 1-5)

Scales for Rating the Behavioral Characteristics of Superior Students (Renzulli/Hartman)

Product, Performance or Structured Observation
