General Enrollment Information

Chattooga County School District Materials Needed for School Registration

Proofs of residency (See State Guidance Rule Page 6. E)

To obtain enrollment in the Chattooga County School District, students must reside in the county with their natural parent(s), or court-approved legal guardian(s). Students and their parent(s)/guardian(s) must remain residents of the county for the entire period of enrollment in the School District. For enrollment purposes, a resident is defined as an individual who is a full-time occupant of a dwelling located within the county and who, on any given school day, is likely to be at their stated address when not at work or school. A person who owns property in the county, but does not reside in the county, is not considered a resident for these purposes.

For Parents that own their Residency ---One Item: a current residential property tax statement (if there is no tax bill, then the purchase/closing information for the residence can be used). The record must include the name of the parent/guardian.

For Parents that are Renting a Residence or Occupying Another Person's Home----
Two Items: a current utility bill and any one of the following items:

1. Current lease/rental agreement;
2. Current residential property tax statement or bill;
3. Current warranty or quick claim deed;
4. Current home purchase agreement;
5. Third-person affidavit of residency (notarized affidavit shall be completed and signed by parent, guardian or other person, as well as the legal owner or lesser of the property where the student and the parent, guardian, or other person reside); or
6. Current homeowner's insurance policy.

Satisfactory Evidence of Proper Age (See State Guidance Rule Page 5. IV. A)

A certified copy of the student's birth certificate, certified hospital issued birth record or birth certificate, a military ID; a valid driver's license; a passport; an adoption record; a religious record signed by an authorized religious official; an official school transcript; or,

If none of these evidences can be produced, an affidavit of age sworn to by the parent/legal guardian accompanied by a certificate of age signed by a licensed, practicing physician. The certificate completed by the physician must verify that a physical examination has occurred, and that the physician believes the age indicated on the affidavit is substantially correct.

Immunization Certification (See State Guidance Rule Page 5. IV. C)

Pre-kindergarten Programs

All children attending pre-kindergarten programs must have a Certificate of Immunization (DHR Form 3231). Children who have not completed all immunizations due to age may submit School/Child Care Certificate of Immunization (DHR Form 3231) until immunizations are complete. Children may register prior to completion of this examination and certificate.

Grades K-12

All students must have a Certificate of Immunization (DHR Form 3231) on file in accordance with Georgia Department of Human Resources regulations. Students entering public schools for the first time must present this form upon enrollment. Students who are transferring from any other public school system have 30 calendar days to meet this requirement.

Certificate of Eye, Ear, and Dental Examination (EED) P-12 (See State Guidance Rule Page 5. IV. D)

A Certificate of EED Examination (DHR Form 3300) in accordance with Georgia Department of Human Resources regulations must be presented the first time a child enrolls at any grade level. Students transferring from another Georgia public school system are exempt from this requirement.

Official Transcript (Cumulative Record)

Enrolling students shall present an official transcript of work or credit at the time of entrance. If a transcript should not be presented, the student shall be enrolled on a tentative basis from information available at the time of enrollment. Discipline records for students in grades 6-12 should also be presented to the school.

Students coming from accredited private schools, home school programs, other countries, or states are to be accepted provisionally in the grade to which they indicate membership.

Social Security Card (See State Guidance Rule Page 5. IV. B)

An official copy of the child's social security card (the original card) shall be provided and be incorporated into the official school records pertaining to the child. While this card cannot be mandated according to current State law, it is strongly recommended by the School District because of its impact on accurate student records.

Verification of Parents/Guardians (See State Guidance Rule Page 1. I)

All parents/guardians enrolling students in the system will be asked to provide a picture ID at the time of enrollment. The name on the ID should match the name on the documentation being providing for enrollment.

1.3	Are there time extensions and waivers allowed on materials required for enrollment? YES, as a Provisional Enrollment. 1.4	For the purposes of enrollment, can a parent/guardian use one of the small cards that hospitals/jurisdictions give as a record of a birth certificate? YES	The State’s list of possible documents that can be used as proofs of age has been expanded significantly.
1.5	Can a “non-custodial” adult (non-parent/guardian) enroll a student in school? CONDITIONAL (See State Guidance Rule Page 1 & 3)	Only a parent, or legal guardian, or other person residing within this state (see page 2 of policy) may enroll a child in the Chattooga County School District unless specifically addressed in Policy.
1.6	How should schools deal with adults/students involved in the guardianship process? (See State Guidance Rule Page 1 & 3)	The CCSD requires a non-custodial adult to be in the process of obtaining “Temporary Legal Guardianship” (or other similar court order from a court of competent jurisdiction) before they are eligible to enroll a child in school. Adults who have filed guardianship papers with the Probate Court are considered “in process,” and can enroll the child with documentation of that status (provided by the Probate Court).

1.7 How late in the year should schools enroll a student when the student has not previously been in school anywhere? (See State Guidance Rule Page 4)

Georgia compulsory attendance laws require students between the ages of six and sixteen to be enrolled in school. Students beyond that age should be dealt with on a case-by-case basis by the principal, with consideration given to the student's age, proximity to graduation and the ability of that student to earn credits.

1.8 Can students who are eighteen years of age or older enroll themselves in school? YES (See State Guidance Rule Page 4)

Because students who are 18-years-old are considered legal adults, they may enroll in school within the normal school enrollment process. These students are considered "emancipated" and would have to establish residency according to policy.

1.9 Is there a maximum age for students to be enrolled in high school? YES (See State Guidance Rule Page 4)

Board policy states that students are eligible to maintain enrollment in the "regular" secondary program unless they attain the age of 20 on or before September 1. Special Education students are eligible to maintain enrollment until they reach their 22nd birthday. Neither of these cases allow students to extend their enrollment beyond receiving a diploma or the equivalent.

1.10 Are there exceptions to the maximum age for students in regard to the Academy? YES

Those principals are empowered to make decisions on a case-by-case basis regarding amending the maximum enrollment age.

1.11 Can a biological parent, considered to be the "non-custodial parent," enroll their child that has now come to live with them? YES

The "non-custodial parent" must (a) obtain legal custody (through the courts) for the child OR (b) have the custodial parent complete a "Power of Attorney" (POA) document, which provides the non-custodial parent with enrollment/signature privileges. Document on page 26.

1.12 When should schools accept a "Power of Attorney" for guardianship?

- (1) Through the situation described in the above case; and,
- (2) When the parent has been called to active duty or deployed by the military.

1.13 What is the difference between the terms, "joint legal custody" and "joint physical custody?"

Legal Custody: This simply means that both parents retain their parental rights in regard to their minor-age children. Almost every divorce decree declares there to be "Joint Legal Custody."**

Physical Custody: This refers to the biological parent with whom the minor-age children will live. It is very RARE for divorce decrees to declare there is "Joint Physical Custody." Almost every divorce decree will, instead, declare one parent as the "primary physical custodian" of the children.**

** Divorced parents will often confuse the two terms, and if both live within the School District, will attempt to have the "non-custodial parent" enroll the child into the school serving their residence rather than the residence of the "custodial parent" (the one with "primary physical custody").

1.14 Can schools enroll a student based on a faxed/mailed letter from the enrolling parent/guardian? YES

While this clearly is not considered the "best practice", this may be done in the rarest of situations in which the parent has someone act as a "courier" and relays forms between themselves and the school. Ultimately, the parent would need to fax a signed written request for enrollment along with a copy of his/her picture ID. Sometimes, DFACS will ask for these privileges because foster parents may have missed work due to court dates/times, and they are attempting to avoid work-related pressure due to additional time missed at work.

1.15 What should a school require in the way of student immunization records, etc, of a state/local agency (i.e., DFACS) upon their request for enrollment of a student? (See State Guidance Rule Page 8. VI)

Schools should work with state/local agencies in their efforts to enroll students. These students may/may not have been removed from their homes in a "hasty manner," so many of their records

(immunization, E/E/D, etc.) will not be available in most cases. Because the students could likely be considered as “homeless,” schools should work with the enrolling guardian or caseworker and allow enrollment w/o mandating all of the student’s records.

1.16 What should a school expect from DFACS in regard to that agency establishing legal custody for enrollment? (See State Guidance Rule Page 8. VI)

For DFACS to gain custody of a student, they must be able to provide a school with a “custody order” signed by the courts. This order would give them guardianship rights in regard to that student. DFACS does have the ability to assign guardianship to another guardian and have that guardian enroll the student in school. In cases in which DFACS attempts to have a student enrolled under a “Safety Plan”, the host family and the DFACS caseworker must sign enrollment documents.

1.17 What should schools expect of homeless students upon request for enrollment? (See State Guidance Rule Page 6 to 8. V)

Law mandates that schools enroll students classified as “homeless” w/o demanding all records at the time of registration. As always, every effort should be made to obtain these records, but the enrolling parent/guardian’s lack of documentation on the students cannot hinder enrollment. Contact the Homeless Liaison with questions.

1.18 Can homeless students be allowed to remain in their school of origin, even if their temporary residence is located outside of that school’s attendance zones? YES (See State Guidance Rule Page 6 to 8. V)

By federal law, schools must allow homeless students to remain in their school of origin if in the student’s best interest. Schools can contest that placement and attempt to have the student attend their school of “temporary residence,” but the student must be allowed to stay in their school of origin until that determination is made.

1.19 How should schools deal with a student, who has previously dropped out of their school, but is now seeking to re-enroll?

If the student is beyond the mandatory age covered in the compulsory attendance law and not eligible for services through the Individuals with Disabilities Education Act (IDEA), the school is not mandated to re-enroll the student. Consideration should be given to the age of the student, his/her proximity to meeting graduation requirements and if the re-enrollment has occurred within a ten-day period of withdrawal (according to TAADRA guidelines).

1.20 Does the District allow students visiting the US on a tourist/student visa to enroll in school? NO

All foreign students must be sponsored by a CSJET-accredited foreign exchange program before they will be considered for enrollment.

1.21 How should the school go about verifying an enrolling student’s Social Security number if the parent is unable to produce the SS card? (See State Guidance Rule Page 5. IV. B)

If the parent is unable to produce the SS card, school staff may be able to verify the student’s SS number with another official document or identification card (i.e., health insurance card, etc.). *Add SS waiver if parent wishes not to provide on page 28.*

1.22 Can a non-custodial parent demand, and receive school-day access to their child? CONDITIONAL

Parental involvement, as outlined by local Board Policy, is encouraged at our schools. If a custodial parent does not feel that a non-custodial parent’s involvement is in the best interest of the student because of safety reasons or disruptions to that student’s day, he/she will need to file an affidavit or appropriate court order with the school that states that the student would be in danger as a result of that contact or involvement or the contact is a disruptive element to the child or school. This access does not necessarily include check-out privileges.

1.23 Can a non-custodial parent demand that their names be placed on the student’s emergency contact card? NO

Emergency contact information is controlled by the custodial parent(s). If there is a situation in which there is a parent disagreement/separation and custody has not been established, then the enrolling parent retains the right to establish the emergency contact information.

1.24 Can a parent enroll a student in any public school located in the system? CONDITIONAL

Beginning in the school year 2009-2010, the parent of a student in this state may elect to enroll such student in a public school that is located within the school system in which the student resides other than the one to which the student has been assigned by the local board of education if such school has classroom space available after its assigned students have been enrolled. The parent shall assume the responsibility and cost of transportation of the student to and from the school. (House Bill 251)

1.25 Can a student who transfers schools due to this subsection remain in the school for future years? YES

At his or her election, the student may continue to attend such school until the student completes all grades of the school. (House Bill 251)

1.26 How will parents know which schools have space?

The local school system shall notify parent by July 1 of each year which schools have available space and to which of these schools parents may choose to request a transfer for their children. Each system shall annually notify parents by letter, electronic means, or by other reasonable means in a timely manner the options available to the parent under this article. (House Bill 251)

Chattooga County School District Frequently Asked Questions (FAQs)

Student Enrollment, Residency Affidavits, Student Information and Student Withdrawals

I Enrollment

- 2.1 What do parents/guardians that are renting a residence need to provide the school to establish residency?**
(See State Guidance Rule Page 6) See page 4 of this handbook.
- 2.2 What do parents/guardians that are occupying a residence need to provide the school to establish residency?**
(See State Guidance Rule Page 6) See page 4 of this handbook.
- 2.3 If the parents/guardians are either renting or occupying a residence, do they need to have the property owner produce a tax bill? NO (See State Guidance Rule Page 6)**
A tax bill is not required of the property owner in this case, but two of the items from the list on page 4 are a must.
- 2.4 Are there any time waivers on the residency affidavits? YES (See State Guidance Rule Page 3 to 4 II)**
Principals are empowered to allow time extensions on a case-by-case basis to parents/guardians needing to submit the residency affidavit from a potential property owner. There should be no need for a time waiver regarding the affidavit that the parent/guardian submits as either a “renter” or “occupant.”
- 2.5 Can parents/guardians get their affidavits notarized at the school? YES**
A parent/guardian being required to sign an affidavit can do so by utilizing either the school’s office staff or district-level staff that serves as a notary public. This will be done at no cost to the parent.
- 2.6 What should a parent do if a property owner or manager were to refuse to get necessary affidavits notarized?**
The parent/guardian should notify the school and allow the school to make an enrollment determination on a case-by-case basis. The District is not necessarily in a position to demand a notarized statement.
- 2.7 Can parents/guardians use a purchase/mortgage contract to establish residency for enrollment purposes? YES (See State Guidance Rule Page 6.E)**
As long as the purchase/building contract has a closing date within a 90-day window, the parent/guardian should be allowed to fill out an affidavit and utilize that contract (on a “one-time” basis) to establish residency within the appropriate school’s attendance zone.
- 2.8 How should schools deal with parents/guardians who are building/financing their own home, yet want to establish residency for enrollment purposes?**
The parent/guardian, even if building, will probably have a home construction loan or some type of financial agreement with a banking institution. Documentation of these financial provisions being used to establish residency must contain a date of completion. If this is not the case, the principal should make a determination about residency on a case-by-case basis.
- 2.9 How should parents deal with the property owner affidavit when they are renting from real estate companies or management companies, and not the actual property owners?**
In this situation, the real estate company or management company should be considered as the “property manager,” and should be allowed to complete the affidavit.

2.10 How should schools handle unaccompanied youth enrolling without the parent/legal guardian?

Schools may not condition school enrollment upon the receipt of proof of legal guardianship by caregivers of homeless, unaccompanied youth; nor may schools require caregivers to become legal guardians within a certain period of time after the child enrolls in school. The absence of an available caregiver must not impede enrollment.

The enrolling student shall provide to the Enrollment Center legal documentation from the court establishing emancipation or McKinney-Vento eligibility.

II STUDENT RECORDS

- 3.1 Who may legally request a copy of a student's school records?**
Parents/guardians and eligible students may request copies of school records. This policy also contains provisions through which "other persons" may gain access to these records through subpoenas, judicial orders or with written authorization from the parent or eligible student. Schools/School systems may also request student information under current FERPA provisions.
- 3.2 Can a parent, living in another area or jurisdiction, request student records? YES**
A parent is not required to have "physical custody" of their child to retain legal, custodial rights to information about that child.
- 3.3 Can 17-year-old students file a request for their records? YES**
Only "eligible students" are allowed to file a request on their own behalf. "Eligible students" should be interpreted to be students designated by law as "emancipated minors." In this case, that age would be seventeen, and these students can file a request for their records.
- 3.4 Do all requests for release of student records require prior authorization from the student/family? NO**
Student records are protected from "all persons" except when an authorized release is submitted in writing by the parent or eligible student. Current FERPA provisions allow for other educational jurisdictions to request information on students now in their systems/institutions---this request does not require a parental release of records.
- 3.5 Should schools respond to requests from the Armed Forces for a listing of students? NO**
Schools should refer all requests from the Armed Forces to the Chattooga High School. Chattooga High School will make arrangements for the transfer of "directory information" (name/address/phone number) to representatives of the various branches of the US military, excluding any student who has "opted out" by October 10th of that school year.
- 3.6 How long does a school have before turning over records once they have been requested in writing?**
Schools shall mail or deliver all requested student records in the following manner:
 - FERPA states that a school system/school must forward these records within a 15-day period; GA Code (§ 20-2-670) calls for records to be forwarded within a 10-day period.
 - Open Records Requests (must be forwarded to the Central Office).
- 3.7 Can a non-custodial parent request grades and other school correspondence in regard to their child? YES**
Unless there is a legal document that precludes a biological, non-custodial parent, he/she is entitled to their child's grades and information.
- 3.8 Can a non-custodial parent request prior notification of parent conferences and meetings involving the custodial parent? YES**
Upon request, the school should notify the non-custodial parent regarding the following meetings: (1) meetings requested by the school; and (2) any IEP-related meeting. The school is NOT required to notify the non-custodial parent if the meeting is non-IEP related and has been requested by the custodial parent---that meeting's notification would be the responsibility of the custodial parent.
- 3.9 Can a public school withhold sending records on a student that has outstanding debts? NO**
Georgia Code (§ 20-2-670) states that public schools cannot withhold information regarding the student's cumulative record based on outstanding debts.
- 3.10 Can a private school withhold sending records on a student that has outstanding debts? YES**
There is nothing in Georgia Code prohibiting private schools in this regard. Under FERPA guidelines, a private school cannot deny the parents a review of the records, but it doesn't stipulate that they must send official copies to other educational institutions.

3.11 Should schools expect discipline records to accompany transcripts for students transferring into the school? YES

Georgia Code (§ 20-2-670) requires that all students in grades 6-12 should provide discipline reports to the school of enrollment. This can be done through a request for records to the student's former school.

3.12 Should a school expect a parent to disclose if their student is currently under a suspension or expulsion? YES

Georgia Code (§ 20-2-670) requires that parents of students under a suspension or expulsion within another jurisdiction must disclose that to school officials upon enrollment. According to Board Policy, Transfers and Withdrawals (JB CD), no student shall be admitted who comes from another school system during a period when suspension or expulsion from that school system is still in effect.

Student Enrollment, Residency Affidavits, Student Information and Student Withdrawals

VI WITHDRAWAL INFO

4.1 Can a student who is eighteen Years of Age (YOA) withdraw himself/herself from school?

YES (See State Guidance Rule Page 17)

Although this is not considered “best practice”, an 18 Years of Age (YOA) student is considered a legal adult, he/she may withdraw from school within the normal withdrawal process.

4.2 What should schools require from an adult (parent or otherwise) who comes in to withdraw a student?

Requirements for student withdrawal are as follows:

- Enrolling parent/guardian/eligible student should withdraw student.
- Appropriate identification.
- Signature on withdrawal form.
- If the student is going to be attending another educational institution, the person withdrawing student should sign an authorized form for the school to release student records.
- According to the BOE Policy regarding School Enrollment (JBC), schools should require the parent/guardian withdrawing students that are sixteen or older to conference and sign a declaration “acknowledging that terminating school enrollment is likely to reduce the student’s earning potential and life prospects.” This protocol is related to students dropping out of school, not transferring to another educational institution or home study.

4.3 Can the “non-enrolling parent” withdraw the student from school? NO

Under most circumstances, only the parent that enrolled the student in school may withdraw the student from school unless they have given explicit permission in writing allowing the other parent to withdraw the child.

If, between the time that a parent has enrolled a child and to the point of withdrawal, the parent has lost custody, then the person(s) holding guardianship rights for that child would hold withdrawal rights. Still, principals should proceed with caution because this parent would need to have gained custody outside/beyond the purview of the school---schools cannot be used to execute a change of custody.

4.4 Can schools withdraw a student using a faxed/mailed letter? YES

While this is not considered the “best practice,” this is a possibility if the parent/guardian who is withdrawing the student is able to submit a signed written request along with a copy of his/her picture ID.

4.5 Can schools withdraw a student based on a telephone request? NO

Because telephone conversations do not allow schools to have anything documented in writing, nor do they allow schools to verify the identity of the caller, requests to withdraw students using the telephone should not be honored.

4.6 Under what circumstances can a school withdraw a student for lack of attendance?

Please refer to the Board Policy, School Admissions (JBC), for the six requirements for withdrawal.

4.7 What is a school’s reporting obligations when a student is withdrawn prematurely and drops out of school, or is absent unexcused ten or more consecutive days in a semester?

The schools should file a “Certificate of Non-Compliance” with the Attendance Clerk at the school for students ages 15-17 if they do not seek to re-enroll within a 10-day period. Call the School System Social Worker at Central Office with any questions.

4.8 Can a principal withdraw a student discovered to be living outside the county or outside the school's attendance zone? YES

The principal should communicate/correspond with the parent and give them notification of any pending action.

4.9 What is a school's reporting obligations when a student, ages 15-17, withdraws under the pretense of transferring to another school, registering for the G.E.D. or enrolling in the Home Study Program?

The schools should file a "Certificate of Non-Compliance" with the Attendance Clerk at the school for students ages 15-17 if the school does not receive confirmation within a 10-day window that the student has transferred to another school, registered for a G.E.D preparation program or enrolled in a Home Study Program.

Chattooga County School District Proof of Residency Guidelines

(A) The following are the “Residency Requirements” that are a part of the Chattooga County School District’s School Admissions Policy (JBC):

Proofs of residency (See State Guidance Rule Page 6. E)

To obtain enrollment in the Chattooga County School District, students must reside in the county with their natural parent(s), or court-approved legal guardian(s). Students and their parent(s)/guardian(s) must remain residents of the county for the entire period of enrollment in the School District. For enrollment purposes, a resident is defined as an individual who is a full-time occupant of a dwelling located within the county and who, on any given school day, is likely to be at their stated address when not at work or school. A person who owns property in the county, but does not reside in the county, is not considered a resident for these purposes.

For Parents that own their Residency ---One Item: a current residential property tax statement (if there is no tax bill, then the purchase/closing information for the residence can be used). The record must include the name of the parent/guardian.

For Parents that are Renting a Residence or Occupying Another Person’s Home----
Two Items: a current utility bill and any one of the following items:

1. Current lease/rental agreement;
2. Current residential property tax statement or bill;
3. Current warranty or quick claim deed;
4. Current home purchase agreement;
5. Third-person affidavit of residency (notarized affidavit shall be completed and signed by parent, guardian or other person, as well as the legal owner or lesser of the property where the student and the parent, guardian, or other person reside); or
6. Current homeowner’s insurance policy.

Verification of Residency:

A school system employee may physically visit the address given by any parent/guardian to verify residency. The property address given must be the actual location where the student and parent/guardian live full time.

The school may verify residency by accessing the Tax Assessor’s database.

Dealing with Temporary Legal Guardianship and/or Power of Attorney Documents

Section I: Temporary Legal Guardianship

Schools commonly deal with inquiries relative to non-parental adults seeking to enroll a child in school. While there seems to be a multitude of complications and scenarios, schools should operate under the following premises:

- 1) The only person other than the parent who can enroll a child in school is a legal guardian.
- 2) Temporary legal guardianship status is available for non-parental adults needing to gain guardianship and act on a child's behalf.
- 3) Temporary legal guardianship is established through the Chattooga County Probate Judge's Office. Note: In certain situations, parental rights may also be relinquished by the courts and guardianship granted to a state or local agency (i.e., DFACS, etc.).
- 4) Temporary legal guardianship forms/applications are available through the Probate Judge's Office.
- 5) Schools are able to enroll students once a non-parental adult can provide the school with the formalized, probated documents, or if they prove they have filed the application for temporary legal guardianship. While most guardianship applications can be probated quickly, the process involves public advertisement under certain scenarios.

Section II: Educational Power of Attorney (POA)

Schools also commonly deal with non-custodial parents attempting to enroll their child into a school serving their current residence. Again, while there seems to be a multitude of complications and scenarios, schools should operate under the following premises:

- 1) In almost every case of divorce, parents retain some level of custody, but one parent is granted "primary" physical custody through the divorce decree. Many parents, because they retain some level of custodial rights, confuse this issue of physical custody, which establishes with whom the child involved in this case will primarily reside. It is this provision (primary physical custody), which the School District utilizes to establish primary guardianship for purposes of school enrollment (or the refusal to enroll).
- 2) In order for a non-custodial parent to enroll their child in school, the School District requires the parent retaining the primary physical custody rights to the child to complete the CCSD POA document. Relative to issues involving the child's educational welfare, this document transfers authority from the one parent to the parent that has not been granted primary physical custody for purposes of enrollment and all related educational matters.
- 3) The POA will be made available to parents through each school's front office. Schools will further assist parents through notarizing the POA document if the signing parent completes the document at the school.
- 4) Because this POA has not been legitimized through the courts, the signing parent (the parent given primary physical custody through the divorce decree) can withdraw the POA at any time. For purposes of compliance with statutory law, however, the school will not serve as the site for any change of custody in these cases.

An additional application of the POA occurs when a parent/guardian in the military has been deployed or called up into active military status. In either of those scenarios, and because of the hardship this sometimes creates, the parent/guardian may utilize the POA document to place their student with another adult.

Dear (Parent/Guardian),

It has come to our attention that your child, (Student Name), currently resides outside the school's attendance zone and/or the Chattooga County School District. Current School Board Policy JBC defines residency, a requirement to attend any school in the District, as follows:

To obtain enrollment in the Chattooga County School District, students must reside in the county with their natural parent(s), or court-approved legal guardian(s). Students and their parent(s)/guardian(s) must remain residents of the county for the entire period of enrollment in the School District. For enrollment purposes, a resident is defined as an individual who is a full-time occupant of a dwelling located within the county and who, on any given school day, is likely to be at their stated address when not at work or school. A person who owns property in the county, but does not reside in the county, is not considered a resident for these purposes.

Accordingly, without further clarification from you, your child is no longer eligible to attend school in the Chattooga County School District. (He/She) must be withdrawn immediately and enrolled within the jurisdiction in which you reside. We have enjoyed having your child as a student at (School's Name) and know that (he/she) will be an asset to the next school (he/she) attends.

Thank you for your prompt attention to this important matter.

Sincerely,

Dear (Parent/Guardian),

During a recent school-based enrollment audit focusing on updating all student demographic information, it was found that you reside outside of the attendance zone for (School Name). Also, our records do not reflect a documented student reassignment enabling (Name of Child/Children) to attend our school. Should this finding be in error, please contact our front office as soon as possible.

While we would like to be able to offer more opportunities to parents regarding enrollment at (School Name), current school overcrowding conditions, current application of residency guidelines and the District's need to accurately allocate and assign staff, resources and equipment, limit this flexibility. Accordingly, without further clarification from you, (Name of Child/Children) will be transferred to the appropriate school of residence as of (Date).

If you have moved to this address following the beginning of the current semester, there is protection of your child's enrollment for the remainder of the semester. We need to know if this is the case. Therefore, please make the appropriate contact with our front office regarding these enrollment provisions.

I. DEFINITIONS

1. Emancipated Minor- An individual under the age of eighteen who is no longer under the control or authority of his or her parents or guardians by operation of law or pursuant to a petition filed by the minor with the juvenile court as provided in O.C.G.A. § 15-11-202. Emancipation by operation of law occurs when a minor is validly married or as otherwise prescribed by law. Emancipation by petition is granted by a judge in juvenile court after the judge determines emancipation is in the best interest of the minor.
2. Other Person- An adult at least 18 years of age or an emancipated minor at least sixteen years of age residing within the school system who is not the parent or guardian of a child but stands *in loco parentis* (i.e., to assume the duties and responsibilities of a parent such as providing food, shelter, clothing or medical care.)
3. Withdraw- The removal of a student from the official roll of a school

II. ADMISSION OF TRANSFER STUDENTS

No student shall be admitted who comes from another school system during a period when suspension or expulsion from that school system is still in effect. If the student still has time remaining under suspension or expulsion before being eligible to return to the school previously attended, the student will not be eligible for admission to any school in this school system until the expiration of that suspension or expulsion period.

Any student enrolling in the Chattooga County School System who has withdrawn from another school system to avoid disciplinary action, because of disciplinary action imposed by another school system, or after being charged with a disciplinary infraction may be required to go before a disciplinary tribunal if the act committed at the student's previous school would also violate the Chattooga County Board of Education Student Behavior Code. Based on the tribunal's decision, such student may be subject to discipline for the act committed, including but not limited to suspension or expulsion from the Chattooga County School System.

If any student seeking admission to the Chattooga County School System from another system states in writing any good and sufficient grounds showing why this policy should not apply to him/her, a due process hearing will be provided before either the principal of the school to which admission is sought or before some tribunal constituted by the Superintendent or his/her designated representative to consist of not more than three (3) members of the administrative staff.

In any case where a student seeks to transfer from another system who has been permanently expelled from such system, such student may likewise file a written statement of reasons why his/her expulsion from the other system should not disqualify him/her from attendance in this system, and a due process hearing as provided above will be conducted to resolve the question of eligibility for admission.

If it is determined from any source that a student has committed a felony act, the school principal shall inform all teachers to whom the student is assigned that they may review, but keep confidential, the information in the student's file received from other schools or from the juvenile courts.

A document requesting information concerning adjudication or conviction for felony offenses must be completed for all students seeking admission to a grade higher than sixth grade in the Chattooga County School System.

A transferring student applying for admission to a grade higher than sixth grade shall, as a prerequisite to admission, present a certified copy of his or her academic transcript and disciplinary record from the school previously attended.

Conditional Admission

A transferring student may be admitted on a conditional basis if he or she and his or her parent or legal guardian executes a document providing the name and address of the school last attended and authorizing the release of all academic and disciplinary records to the school administration. The release document must disclose whether or not the student has ever been found guilty of the commission of a designated felony act as defined in O.C.G.A. 15-11-37, and if so the date of such adjudication, the offense committed, the jurisdiction in which such adjudication was made and the sentence imposed.

Upon receipt of the records from the school previously attended, the school administration shall notify the parent(s) or guardian of such receipt and may within 10 days request a copy of such records. Within five days of receipt of a copy of the records, the parent(s) or guardian may request, and are entitled to, a hearing before the previous school's principal or designee for the purpose of challenging the content of the records.

If a student so conditionally admitted is found to be ineligible for enrollment under existing board policies, he or she shall be dismissed from enrollment until such time as he or she becomes eligible.

Transfer Students Found To Be Not In Good Standing

No student transferring from another school or school system shall be finally admitted to the Chattooga County School System unless or until such student presents records showing that he/she was in good standing with that school or school system when last enrolled. A principal of a school in the Chattooga County School System may satisfy this requirement through oral communication with the school district last attended and admit the student upon receiving verbal assurances that he/she is in good standing, not under suspension or expulsion and that the necessary records are forthcoming.

Agency-Placed Students

When a student is being placed by the Department of Human Resources (DHR) into a new home or facility that would require a change in school or school system, the school system in which that student is attending school shall consult with the student's custodian to ascertain whether the student should be maintained in the school of origin or assigned to the appropriate school in the new school system in accordance with the McKinney-Vento Act. Foster children awaiting permanent placement qualify as homeless under the McKinney-Vento Act.

III. REQUIREMENTS FOR WITHDRAWAL

1. No-Shows

- A student who is not in attendance on the first day of school but was expected based on prior year enrollment, shall be withdrawn as a no-show student and shall not be included in any enrollment or attendance counts.

2. Voluntary Withdrawal In Accordance With Procedures

- When a parent, guardian or other person withdraws a student according to established withdrawal procedures, the student's withdrawal date shall be recorded as the last day of student attendance. If a student is under suspension on the date of the withdrawal, the new school of enrollment, if known, shall be notified of the terms of the suspension.
- If a sixteen or seventeen year old student who has not completed all requirements for a high school diploma wishes to withdraw from school, the student must have the written permission of his or her parent or legal guardian prior to withdrawing. If a student is under suspension on the date of withdrawal, the new school of enrollment shall be notified of the terms of the suspension.
 - With no proof of enrollment in another school, school system, private school, or home study program, a student shall be withdrawn from a school after 10 consecutive unexcused absences or when the school system obtains documentation that the student no longer resides in the school's attendance zone. The student withdrawal date shall be the last day of attendance or the day the school system obtains documentation validating the student no longer resides in the school's attendance zone, unless the student is allowed to continue to attend in accordance with board policy or an exception granted previously on the basis of O.C.G.A. § 20-2-293 or §20-2-294. The superintendent or designee shall use his or her best efforts to notify the parent, guardian, or other person if the school system plans to withdraw the student.
4. A student shall not be withdrawn due to excused absences defined in Board Rule 160-5-1-.10 (JB-Student Attendance) and O.C.G.A. § 20-2-690.1(a).
 5. A student shall not be withdrawn while participating in a Hospital/Homebound Instruction Program in accordance with the requirements of the program.

6. The principal or designee shall record the reason for withdrawal in the Student Information System (SIS) as defined in the Department of Education's student record collection or the Georgia Statewide Student Information System (GSSIS.)
